The Honorable Commissioners Court

Gregg County Officials and Department Heads

RE: FY11 Adopted Budget Overview

The FY11 Budget was prepared and submitted in accordance with the Local Government Code in order to assure public confidence. The Commissioners' Court unanimously voted to adopt the FY11 Budget on Monday, August 23, 2010, and unanimously voted to adopt the 2010 tax rate which funds the FY11 Budget.

Overview

The FY11 Budget was compiled with careful consideration to the departmental needs and the existing local economic situation. Departments were asked to reduce operating expenses and postpone capital purchases if possible. There are no cost of living adjustments or merit increases for employees or elected officials. The overall budget is reduced by \$11,066,000 (19%) from the FY10 Budget.

Gregg County's financial status is stable. Commissioners' Court continues to follow existing policies of pay-as-you-go and ensuring a balanced budget, where expenditures do not exceed revenue. The recapitulation schedules on pages 29-30 show estimated fund balance, revenue, expenditures, other financing sources and uses and ending fund balance for each of the County's Funds.

Tax Rate

The 2010 tax rate, which funds the FY11 budget, is set at .2675, the same rate for FY09 and FY10. Both tax revenue and taxable valuations decrease by 2%.

Revenue

The FY11 Budget estimated revenue of \$47,391,340 consists of 45% property tax, 29% sales and other taxes and the remaining 26% is fees, fines, licenses, intergovernmental and miscellaneous revenue. Due to local economy, county revenue has slowly declined since FY09, however the decline has been less than that faced by other areas of the nation. Reductions in oil and gas activity, sales tax and motor vehicle sales tax are reflected in the revenue decrease.

As shown in recent years, the Commissioners' Court strives to reduce expense to the taxpayer when possible. The tax rate for FY08 was reduced from 28ϕ to 27ϕ per \$100 valuation, and again the tax rate for the FY09 budget was reduced from 27ϕ to 26.75ϕ . Expenses were reduced in the FY10 budget and again in the FY11 budget in order to maintain the same tax rate of 26.75ϕ . Additionally, airport parking fees were eliminated and beginning January, 2010, the vehicle registration fee was reduced by \$1.00 per vehicle. These reductions sent over a million dollars back to the taxpayers.

Expenditures

The expenditures budget includes historical data for fiscal years 2007-2009, budget data for the current year (FY10) and the FY11 budget for comparative purposes. Expenditures are estimated at \$47,248,074 and are approved categorically as salaries, fringe benefits, operating expenses, capital outlay and debt/capital lease.

For the second year in a row, the FY11 budget does not include cost of living adjustments for county employees or officials.

In keeping with the County's capital improvement plan, airport projects and major repairs/replacements at the courthouse facility are budgeted. Funds for all unfinished capital projects roll forward at year end until the project is complete.

Outstanding Obligations

Gregg County does not currently have long term debt. All outstanding bonds were paid in full in FY08. Short term obligations include lease/purchase copiers for several departments and heavy equipment for the road and bridge precincts. Heavy equipment lease/purchase programs will be converted to operating leases during the FY11 budget. This program allows precincts to utilize new equipment and replace it each year eliminating purchase expense and avoid expensive repairs on older equipment.

Conclusion

The FY11 Budget serves a dual purpose. First, it provides the accountability and transparency requested by the public. Second, and most importantly, it is the management control tool to ensure taxpayers' dollars are kept safely and spent legally and wisely.

OPERATIONS AND PROCEDURES

BUDGET OPERATIONS

As in most Texas counties, **the annual budget process is the core planning process** for Gregg County. Planning processes for budget operations continue year-round in the form of five-year plans, capital needs assessments, and debt reduction plans.

<u>Five-Year Plan</u>. The five-year plan process actually consists of eleven-years of revenue, expenditure, and fund balance data for the operating and debt service funds. Five years of actual historical data and the current amended budget forms the basis for calculating scenarios for the next five years. Graphs are created to provide visual insight, showing 'where we've been, where we are and where we are going', assuming the same financial management patterns are continued.

Revenue calculations are based on several factors. Historical appraisal data is gathered to determine annual percentage of increase to property values and ultimately determine property tax collections. State Comptroller information is reviewed for various tax collections patterns for sales, motor vehicle, and mixed beverage taxes. Other revenues are evaluated to determine stability as a viable source of income.

Expenditures estimates are based on historical trends and investigation of variances from year to year. The plan adheres to debt schedules, with the exception of scenarios used to evaluate options for callable bonds. As a service organization, salaries and fringe benefits form the majority of the expenses, so scenarios are created for providing no raises and various cost of living adjustments. Operating costs are estimated at current growth patterns, or at levels of growth acceptable to the Commissioners' Court. Above all we spend less than our revenue.

<u>Capital Expenditures</u>. Ideas for capital expenditures are provided to the county at various levels: through citizens groups, other governmental entities, department officials, and emergency situations. Although these ideas are presented throughout the year, Texas statutes forbid spending not included in the budget. When issues appear throughout the course of the year that constitutes an emergency or unforeseen circumstance, the statutes allow for amendments to the budget. Grant funding is sought whenever possible and, when funding is not available, issues are noted and addressed during the next annual budget process.

Capital equipment purchases (such as vehicles, tractors, copiers, etc.) are addressed during the departmental reviews in budget process. When there is an emergency need for replacement (heating and air conditioning units, telephone systems, vehicles, etc.) budget is transferred from other departments or emergency contingency funds to replace the item.

Capital projects requested, or mandated, by other governmental entities are presented to the county through the involved department. For more complex projects the Commissioners Court selects a committee to review project feasibility and cost factors, and make a recommendation to the Commissioners' Court. Committee members either include or coordinate information with the county auditor, purchasing agent, and the assistant district attorney, whose functions are to ensure the project is compliant with accounting principles, and budgetary and purchasing statutes. Careful consideration is given to ensure compliance requirements by other governmental entities.

When citizens groups present an idea to Commissioners' Court, the process is handled in the same manner as a request from a governmental entity; however, the committee does not usually include the auditor or purchasing agent until later in the process.

In each case, all commitments to capital projects are brought in the form of an idea or request to Commissioners' Court and committee recommendations are either accepted, declined, or tabled by Commissioners' Court prior to actual expenditures.

During the FY09 Budget process, the Commissioners' Court approved the County's first Capital Improvement Plan (CIP) and designated reserves for capital improvement expenditures. The CIP provides a map of major projects the County will face during the next five years and will be reviewed annually for modification and approval of specific projects.

Capital improvements at the East Texas Regional Airport are recommended and/or mandated by the Federal Aviation Administration. The airport follows a master plan approved by the FAA, then presented and approved by Commissioners' Court. The auditor and purchasing agent work with the airport director to ensure appropriate accounting principles, budget and purchasing statutes are followed. The importance of the airport to the community is discussed on page 24. Due to the high security nature of all airport matters, the County relies heavily on FAA recommendations.

<u>Debt Reduction Plan</u>. The County's debt policy is to reduce debt whenever possible. To adhere to this plan, the County has called outstanding callable Certificates of Obligations early, refinanced debt series to save \$880,000, and reduced the pay-off of existing debt by two years, and as a result, Gregg County is currently free from long-term obligations.

The Budget Process

The formal budget process begins in April with the formulation of the budget instruction manual. The manual includes the budget calendar for the year and serves as a guide to department officials in the budget process. Also included are detailed instructions for request submissions, required forms, and specific budgetary concerns for the year.

Budget requests are completed on-line and due by early May. Budget requests are reviewed by the budget office on an individual basis and analyzed in terms of input, output, outcomes, objectives, and historical trend.

Revenue estimates are received throughout the budget process from the county auditor. The revenue estimates provide the necessary parameters for evaluating budgetary requests. Meetings are conducted between the budget office and the department officials by appointment. A preliminary review packet is prepared combining the latest revenue estimates with the budget requests and program statistics for review by the commissioners' court.

Budget workshops with the commissioners' court may be held to discuss funding levels, requests, and policy issues. By early August, a preliminary budget proposal is prepared by the budget office and filed with the county clerk based on the instructions of the commissioners' court. Required public hearings are held prior to the adoption of the budget by commissioners' court in late August or early September. The adopted budget is filed with the county clerk.

Basis of Budgeting

The FY11 Budget is prepared on a modified accrual basis consistent with generally accepted accounting principles (GAAP) and budgetary control takes place at the categorical level. This is the same basis that is used for the audited general purposed financial statements prepared by the County Auditor. Under the modified accrual basis of accounting, revenues are recognized for budgetary purposes when they are received and become measurable and expenditures are recognized when the related fund liability is incurred, such as with a purchase order. Estimated purchase amounts are encumbered through the requisition process, prior to the release of purchase orders to vendors. When requisitioned encumbrances indicate an overrun of the departmental or project budget, purchase orders are not created until appropriations are available. The county maintains this encumbrance accounting system as a method of budgetary control. All operating encumbrances are closed at the fiscal year end by county policy. Budget policies are shown on page 17.

Basis of Accounting

All governmental fund types are accounted for using the modified accrual basis of accounting. Gregg County adheres to Governmental Accounting Standards Board (GASB) and generally accepted accounting principles (GAAP) in its budgetary process and in its accounting process. The county judge serves as the budget officer of the county and compiles the annual budget. The county auditor serves as the accountant and prepares and audits all financial activity (including grant funds). Both offices work closely together to maintain integrity in financial reporting. Concise accounting policies are shown on page 18.

The auditor's office prepares Government-Wide and Government Fund Financial Statements which are audited by an external audit firm annually for compliance. Our financial statements have always been in compliance.

Comparison of the Budget and Financial Statements

Similarities include:

- Revenue is recognized as soon as it is both measurable and available and is considered to be available when it is collectible within the current period (within 60 days of the end of the current fiscal period). Property taxes and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenue of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the County.
- Expenditures generally are recorded when a liability is incurred, however, debt service
 expenditures and expenditures related to compensated absences and claims and
 judgments, are recorded only when payment is due.
- Both the budget and financial reports use the same fiscal year. To ensure congruity with the financial statements other financing sources and uses are shown in the budget.
- The same chart of accounts structure is used for both reports.

Differences include:

• The budget document and financial reports serve opposite purposes. The budget relates to planning for future operations and the means to fund those operations.

- The financial statements are to report on the County's adherence to the plan and its financial stability.
- The budget only includes operating, discretionary and capital funds under the direct oversight of Commissioners' Court.
 - Financial statements include all budgeted funds, and internal service funds, agency funds, grant funds and component units.
- The budget focus is estimated revenue and appropriations, beginning and ending fund balances.
 - o Financial statements focus on a broader picture including cash, assets, depreciation and liabilities.

Budget Administration

The adopted budget serves as a fiscal plan and legal appropriation for county spending. State law forbids overall spending above the amount specified in the adopted budget. Gregg County defines a balanced budget as one in which the total expenditures do not exceed the total resources or total estimated revenues plus capital reserves.

<u>Level of Control.</u> The County Budget is adopted in categorical format allowing elected and appointed officials to operate within the categorical budget amounts for salaries, fringes, operating and capital expenses. Operating budgets are enforced through pooled budgeting, and purchasing and accounting policies. Department heads are authorized to manage their operating budget at an efficient and effective level according to approved policies. The salaries and fringes categories included in the budget adoption process are directly tied to departmental positions budgets that are enforced by the County Auditor through the payroll process.

Capital expenditures items are listed in detail in the budget document. The Commissioners' Court approves the purchase of capital items listed upon adopted of the budget. Controls are in place through the purchasing and auditor's office to ensure adherence to the approved purchases. During the year unplanned capital requests are individually approved by Commissioners' Court prior to making the purchase.

Budget Changes. Changes to the budget are submitted to the County Judge's office in the form of budget transfers or budget amendments. Budget transfers are changes that have corresponding budget reductions and increases between categories, departments, or funds. Budget amendments are changes that will increase the total, or 'bottom line,' of the budget. Expenditure budget amendments are considered only in emergency situations as allowed by Texas Vernon's Statutes, Local Government Code 111.010 (c). All budget amendment and transfer requests are submitted to the County Judge's office with comments regarding the necessity of the request. The County Judge's office is responsible for placing the request on the Commissioners' Court agenda and the court has the authority to grant or deny the request.

Special Budgets

Funds compiled in this document form the County's operation budget. Throughout the course of the year, departments seek grant and other funding sources for specific programs or departmental functions. In keeping the Texas statutes, the Commissioners' Court reviews and approves or denies these grants or special funding that are external to the county's operating budget. Upon their approval, individual budgets are created for each grant. As the grant budgets are usually available for different fiscal years, they are not included in the operating budget figures; however, they are included in the audited general purpose financial statements.

FY11 Budget Calendar

| Date | Action | Official |
|----------------------------|---|------------------------|
| May 15, 2010 | Deadline for departments to enter and return budget forms | Department Heads |
| July, 2010 | Preliminary budget worksheets to Commissioners | County Judge |
| July 30, 2010 | Written notice to elected county and precinct officers of the officer's salary and personal expenses to be included in the budget (Local Government Code, 152.013) | County Judge |
| July 25, 2010 | Certified appraisal rolls due (Tax Code 26.01) | Chief Appraiser |
| After certified appraisals | Revised revenue estimates to Commissioners – based on certified taxable values | County Auditor |
| July 31, 2010 | FY11 Preliminary Proposed Budget filed with County Clerk .(Local Government Code 111.003 and 111.006) | County Judge |
| August 7, 2010 | Deadline to calculate, publish and present to Commissioners' Court required schedules, statements and notices of effective and rollback tax rates. (Tax Code 26.04e) | Tax Assessor-Collector |
| August 16, 2010 | File revised version of FY11 Budget with County Clerk and | County Judge |
| August 23,2010 | Public hearing on budget during the Commissioners' Court meeting at 9:00 a.m. After public hearing, Commissioners' Court will vote to adopt the FY11 Budget then vote to adopt the tax rate. (Local Government Code 111.007) | Commissioners Court |
| After Budget Adoption | Notice to departments of adopted departmental budgets | County Judge |

Gregg County, Texas - 8 - FY11 Adopted Budget

OUTSTANDING DEBT OBLIGATIONS

Gregg County is one of the few Texas counties that are not encumbered with major debt obligations. Over the years, the Commissioners' Court has aggressively sought refinancing and early retirement of debt obligations to build a strong financial foundation for the County. As a result, Gregg County is currently free from long term debt obligations.

The County does not have any outstanding bonds or long term obligations at this time. Short-term obligations, such as capital lease purchases are paid from current revenue and are recorded according to GAAP on all documentation. Existing capital lease plans include heavy equipment for the precincts and copy machines in various offices.

At this time the County anticipates that no increases in the overall tax rate will be necessary to fund outstanding obligations required in future years. Debt limitations are described under *Debt Policy* shown on page 20.

CASH MANAGEMENT

State law prohibits deficits to fund balance. Allocated reserves are designated for a specified future use. Unallocated reserves are available for future budget allocation and are available for emergencies. The cash management investment and reserves policy begins on page 18.

The Gregg County Commissioners' Court goal is to maintain a minimum reserve of 25% of the budgeted operating expenditures. The current operating ratio is 44%, while the combined proposed reserve ration for FY11 is estimated at 41%. These estimates for ending fund balance are based on the assumption that 100% of revenues are received and 100% of appropriations are spent for both FY10 and FY11.

County trend shows actual revenue exceeds budgeted revenue and actual expenditures are less than budgeted expenditures. It is anticipated that actual fund balances will again exceed those estimated for FY10 and FY11.

Thus far, Gregg County's strategic investment and reserve policies and increased ad valorem taxable values have enabled the county to pay for capital improvement projects with cash and without tax increases or additional debt; establish a self-insurance plan; and pay for early retirement of the 1993 bond series in FY04. Accumulated reserves will be used to fund

- Highway infrastructure
- State mandate costs for health care, collections, law enforcement, etc.
- Capital project considerations including a parking facility and a multi-purpose facility.

FUND BALANCE PROJECTIONS

Fund balance projections are provided throughout the course of the budget process by the County Auditor's office. Projections in this document are based on internal reports, historical trends, proration and sensitivity analysis. FY10 audited figures are expected to be provided in spring of calendar year 2011, well into the new budget year.

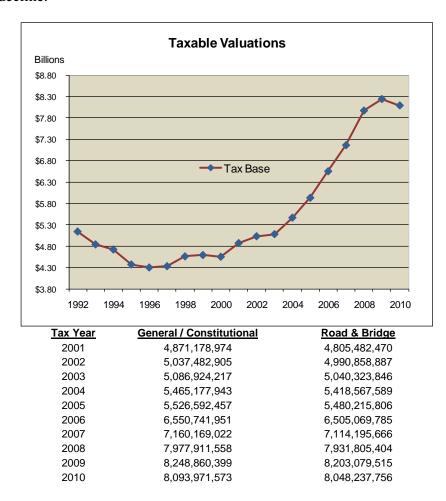

The estimated FY11 beginning balance for all funds is \$44,719,207; estimated revenue is \$47,391,340; appropriations are \$47,248,074; other financing sources and uses are \$383,226. Ending reserved fund balance is estimated at \$26,024,296 and unrestricted fund balance is estimated at \$19,221,403.

Gregg County, Texas - 9 - FY11 Adopted Budget

2010 TAX DATA

NOTE: The 2010 taxable valuations and 2010 tax rate funds the FY11 budget.

<u>Tax Base</u> - The tax base was at \$5.15 billion in 1992, dropped to \$4.30 billion in 1996, and rose to \$5.46 billion in 2004. The 2010 tax base valuations used for the FY11 Budget are \$8,093,971,573, a 2% decrease from FY10 valuations. Fluctuations in the tax base have primarily been due to changes in mineral valuations, primarily oil and gas and a slight economic decline.

<u>Tax Freezes</u> – On January 12, 2004, the Commissioners' Court adopted Proposition 13, a constitution amendment to Article VIII, Section 1-b(h) of the Texas Constitution. This Proposition authorizes a county to establish an ad valorem tax freeze on residence homesteads of the disabled and of the elderly and their spouses. Simply put, the total amount taxed to qualifying residents is fixed from the point of eligibility until certain criterion affects the eligibility. This Commissioners' Court action resulted in sending \$1.45 million dollars back to the disabled and elderly residents of the County.

Mineral Values -

The mineral value decrease from 2008 to 2009 was 15.39 %. The value decrease from 2009 to 2010 was slightly less at 13.7%. Gas production in the area is beginning again bringing

hope of a turnaround in the economic decline. Past experience reveals that decreased production adversely affects other areas of economy and ultimately the local tax base.

<u>Average Home Values</u> - Since 1996, the sustained increase in home values have helped stabilize the overall tax base by substantially offsetting the mineral value decreases. Economic diversification and growth, population increases, and rising property values are crucial to the recovery and stabilization of Gregg County's tax base.

As the nation's housing trends spiral downward, the East Texas region is experiencing growth spurts with baby boomers leaving major metropolis areas to retire in the area. As the area continues to grow, the quality of life improves and people can afford better housing. The average home value of \$132,189 represents a 1.6% increase which is a significant reduction from the 18.5% increase of last year.

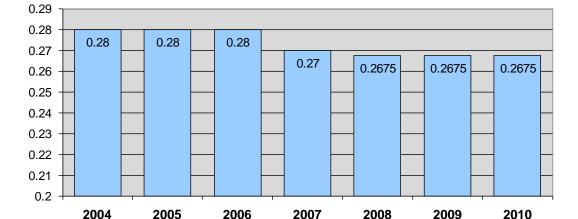

Property Tax Rate – The chart below reflects the historical tax rate changes. The chart depicts how the tax rate was reduced by one penny $(1\coples)$ per \$100 valuation in FY07 and by $1/4\coples$ (.0025) per \$100 valuation in FY08. These tax rate reductions from 0.28 to 0.2675 per \$100 valuation send back to taxpayers approximately \$1,000,000.00.

The proposed property tax rate disbursement for FY2010-11 follows:

| <u>Fund</u> | Rate | Tax Revenue @ 97% |
|-------------------------------|-------|-------------------|
| General Fund | .1937 | \$14,927,116 |
| Airport Maintenance Fund | .0215 | 1,656,856 |
| Road and Bridge | .0330 | 2,543,081 |
| Permanent Improvement Fund | .0140 | 1,078,883 |
| FM Lateral Road | .0053 | 405,201 |
| | | |
| Total Tax Rate & Distribution | .2675 | \$20,611,137 |

Note: The 2010 tax distribution is for maintenance and operations (M&O) only. The County does not have interest and sinking (I&S). obligations.

Gregg County Tax Rates per \$100 valuation

Gregg County, Texas -11 - FY11 Adopted Budget

PERSONNEL ISSUES

Several years ago, the Commissioners' Court established a position control policy to manage increasing employee costs. Commissioners' Court approval is required before a department is allowed to restructure positions. An appointed committee is currently reviewing the personnel policy manual to ensure compliance with laws, as well as evaluate the fairness of policy issues; their charge is to present this policy to the Commissioners' Court for adoption.

Merit, COLAs, and Longevity Pay

The FY11 budget does not include salary increases or cost of living adjustments (COLA) for employees or elected officials. The proposed FY11 Budget does include funds for realignment of the positions budget structure.

Longevity pay is \$4 per month of service and is awarded at 5, 10, 15, and 20 years of service. Longevity is paid annually as follows: \$240 for employees with 5-9 years of service, \$480 for 10-14 years, \$720 for 15-19 years, and \$960 for employees with 20+ years of service.

New Positions

All requests for new employees must be supported by data indicating the new position is mandated by state or federal regulations, or that a department's workload has increased significantly. The request is considered more favorably when outside sources will fund the new position.

The FY11 budget includes three new positions for the district attorney's office: one investigator, one records clerk, and one assistant felony prosecutor. The sheriff's office includes a new tactical flight officer position and, to meet FAA mandates, three new officers were added to the airport public safety department.

Deleted or Restructured Positions

Once a position becomes vacant, it is the responsibility of the department head to justify the need for the position to be filled. In its efforts maintain efficiency, the Commissioners' Court has been favorable of workforce reduction and department restructuring that eliminates positions through attrition.

One of the building security positions was moved into the Sheriff's Office general fund budget due to a reduction in discretionary revenue. Also one housekeeping position was moved from the courthouse maintenance department to the health department.

Positions Budget

Positions shown on the chart reflect full-time positions only. Decimals represent full-time positions where duties span departments. Grant funds are not included in the operating budget and therefore grant positions are not reflected on this schedule. Changes to positions are listed after the chart.

Changes from FY09 to FY11 include:

- <u>Health and Welfare</u> In FY09, the litter officer grant ran out and the officer was moved into the health department. In FY10 a housekeeping position was moved from the maintenance department to the health department.
- <u>Judicial</u> The district attorney's office changes are due to restructuring, moving
 existing positions from the hot check fund into the general fund, and adding positions
 to handle increased workloads.
- <u>Public Safety</u> The Sheriff's office added one tactical flight officer position and, to meet FAA mandates, three positions in the airport public safety department.

Fringe Benefits

The County's medical insurance is a partially self-insured plan administered by a third party administrator. The county established an internal service fund to properly account for the fund's activity. As an accounting practice, internal service funds are not budgeted. The court contracts with an insurance consultant to evaluate and advise the county regarding the management of these funds. Data concerning this fund's activities is available to the public as analysis is provided on an ongoing basis. In addition to health and dental insurance, the county provides group life, accidental death and dismemberment and long term disability insurance.

Gregg County participates in the Texas District and County Retirement System (TCDRS) and the federal Social Security system. The TCDRS performs actuarial studies each year and present minimum required contribution rates to participating entities. The Commissioners Court is required to annually review these schedules and approve at least the minimum required contribution rate for all employees of the County. The 2011 employer contribution rate remains the same at 10.1%. The employee contribution rate remained at 7%. The 79th Legislature passed bills requiring retirement contributions for all part-time employees. The retirement system operates on a calendar year.

CAPITAL PROJECTS

Capital projects are accounted for according to Generally Accepted Accounting Practices. Capital projects that will span several years are budgeted in separate funds so budget is rolled forward and reserves are available until project completion. Other capital expenses are budget in the permanent improvement and capital improvement funds according to statutory criteria.

To avoid redundancy the further detail can be found as follows. Capital Acquisition and Capital Improvement Policies are on page 20 and a summary of the approved Capital Asset Guide is on page 22. The FY11 Detail for Capital Outlay is on page 23, followed by discussion of the Capital Improvement Plan (CIP) and schedule.

<u>The Impact of Capital Projects</u> - Projects scheduled for FY11 will not impact the county's labor force through either reduction or addition of job positions or operation expenses. Capital projects are awarded according to statutes and managed by contractors, therefore data concerning impact to regional economy, such as job creation data, etc. is unavailable.

<u>Recent Projects</u> - Projects completed during the past few years include courtroom renovations; upgrades for computer software and hardware; upgrades for elevators and ADA compliance; projects at the airport and a historic community building; and numerous County and State road projects.

Through its prudent management of funds, Gregg County has been able to dedicate Capital Improvement Funds to which make it possible to adhere to the pay-as-you-go policy adopted by the Commissioners' Court. **Unfunded state mandates affect the ability to plan for additional capital projects.**

Gregg County, Texas - 15 - FY11 Adopted Budget

COUNTY POLICY AND LONG RANGE GOALS

Mission Statement

Our mission is to provide quality services that are responsive, respectful, and effective in a fair and equitable manner that will enhance the quality of life for Gregg County residents.

Vision

- We will treat the residents of Gregg County with dignity and respect;
- We will continually strive to maintain the trust and credibility that the residents of Gregg County expect and deserve;
- We will be accountable to our citizens of Gregg County and responsive to their needs;
- We will embrace our historical heritages;
- We will continually explore new ways of innovation and service capabilities.

Gregg County Goals

- 1) Provide quality service to the citizens of Gregg County
- 2) Manage the public's resources with the highest integrity
- 3) Strive for efficiencies in all departments
- 4) Maintain accountability in all departments
- 5) Provide an equitable justice system that is equal to all
- 6) Promote the values of every employee, treating them with respect, fairness, and diversity
- 7) Preserve the historical culture of Gregg County
- 8) Retain community communications and improve relationships with all cities in Gregg County
- 9) Maintain a leadership role in regional issues
- 10) Promote and preserve the health, safety, and welfare of the citizens of Gregg County

Budget Policies

Gregg County shall maintain a balanced budget.

Accordingly, a balanced budget is one in which the total expenditures do not exceed the total resources, or total estimated revenues plus reserves. Optimally, the goal in balanced budgeting is for expenditures not to exceed revenues, while maintaining a 25% level of operating reserves.

• A comprehensive budget shall be prepared on an annual basis covering all proposed expenditures for the succeeding fiscal year.

This policy is in accordance with Texas Local Government Code section 111.003. It further provides the Commissioners' Court and the general public with the necessary financial information to evaluate the overall financial condition of the county.

• The budget shall be prepared in such a manner as to facilitate its understanding by the general public and the Commissioners' Court.

The county judge, as the budget officer, strives to provide the general public and the court with an informative and comprehensive budget document that not only provides financial data, but addresses policy statements and issues pertinent to the decisions of the county. This budget document is designed to give a more complete understanding of the facts and circumstances supporting the decisions being made by county officials.

• The Commissioners' Court shall hold public hearing(s) on the budget and tax rate.

Texas Local Government Code section 111.007 requires that the county hold a public hearing on the proposed budget. Budget hearings with the Commissioners' Court are held during the budget process and the hearings are subject to the Texas Open Meetings Act. In the event of a tax revenue increase, counties are required to have a separate vote on the proposed tax increase, two additional public hearings, and public notification in budget documents, local newspapers, and on the website.

• The budget shall be prepared in such a manner to support GASB reporting requirements.

A goal of the budget department is to corroborate the financial reporting requirements of GASB by coordinating budget documentation with financial reports provided through the County Auditor's office.

• Gregg County shall maintain a budgetary control system for adherence to the adopted budget.

The county maintains an encumbrance accounting system as a method of budgetary control. All approved appropriations in the annual budget are expended only through the issuance and approval of purchase orders. All purchase orders are cancelled at year end according to county policy.

Accounting Policies

(Including Revenue & Expenditures)

♦ Financial statements will be prepared and maintains in conformity with GAAP and GASB standards.

Gregg County prepares its financial statements in conformity with generally accepted accounting principles (GAAP) for local governmental units and the Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

• Revenue policies are as follows:

- Funding sources are sought for various programs throughout the County in order to offset the loss of state and federal funding and to compensate increased expenditures due to mandates.
- ♦ State laws predominantly mandate flat rates or minimum/maximum amounts for fees and charges for service, leaving some discretion to the Commissioners' Court. Justification is required by departments before Commissioners' Court will increase a fee, unless the change is mandated. The fees the State of Texas allows the counties to collect rarely, if ever, cover the cost of services provided.
- ♦ One-time revenues are not considered for ongoing expenditures.

• Expenditures policies are as follows:

- ♦ Local Government Code 111.010 provides that once the budget is approved by the Commissioners' Court, the county may spend funds only in strict compliance with the budget, except in the case of an emergency.
- ♦ The goal of the Commissioners' Court is to designate and classify as reserve fund balances at a minimum of 25% of the budgeted operating expenditures of Gregg County Funds.
- The county maintains accountability for actual expenditures to budget comparison through the use of financial reports, which are compiled by the county auditor's office and acknowledged by Commissioners' Court monthly. Additionally, the financial software is set to restrict spending from insufficient funds at the requisition level.

Cash Management: Investments and Reserves Policies

- The County's most recent bond rating with Standards and Poor was A+ and, should the County seek debt obligations, it is the county's goal to maintain this rating, or improve it.
- The Commissioners' Court established an Investment Committee comprised of the County Judge, one Commissioner, the County Auditor, the County Clerk (who is the designated investment officer) and two citizens involved in the financial market. This committee recommends policy for adoption by the Commissioners' Court.

Investment Policy

Gregg County's investment policy is to:

- 1) Ensure the security of its principal in the overall portfolio as the foremost objective;
- 2) Structure the investment portfolio in a manner which will provide the liquidity necessary to pay its obligations as they come due;

- 3) Optimize return on investments within the constraints of safety and liquidity;
- 4) Diversify its investments and restrict its investment vehicles to only those high grade instruments which qualify under the law;
- 5) Maintain accountability of investments, subjecting them to internal controls, quarterly reporting and independent audit.
- To pursue an active versus a passive portfolio management philosophy, securities may be sold or exchanged before they mature if market conditions present an opportunity for Gregg County to benefit from the trade or if necessary to meet the cash needs of Gregg County. Under this investment policy, all investments will be made with the intent of pursuing, at the time of the purchase, the best rate of return on securities held until maturity, and not with the intent of speculative trading; and
- 7) To maintain the highest professional and ethical standards, with capable and high quality investment management, as custodians of public trust.

Fund Balance / Reserve Policy

• Gregg County defines fund balance as the excess of the assets of a fund over its liabilities, reserves and carryover.

State law prohibits deficits to fund balance. Allocated reserves are designated for a specified future use. Unallocated reserves are available for future budget allocation and are available for emergencies.

• It is the goal of the Gregg County Commissioners' Court to designate and classify as reserve fund balances at a minimum of 25% of the budgeted operating expenditures of Gregg County funds.

Debt Policies

- The county seeks to maintain a level of indebtedness within available resources.
- The county shall not exceed legal debt limitations.

Article III, Section 52 of the Texas Constitution states that debt cannot exceed \$.080 per \$100 valuation, with the exception of road bonds.

Article XI, Section 7 of the Texas Constitution required a county to set aside a minimum of two percent (2%) of the principal balance in the interest and sinking fund each year.

• The county adheres to its goals of early retirement of all of its callable bonds and plans to continue this policy for future debt service.

Capital Acquisition and Capital Improvement Policies

- ♦ The county will adhere to the Capital Asset Guide as approved by commissioners' court in August, 2003.
- **♦** The Commissioners' Court will attempt to pay all capital improvement project costs on a cash basis.
- ♦ The Capital Improvement Plan (CIP) will be annually reviewed during the budget process for modifications to the plan and to approve specific projects.

Capital improvement projects approved for funding will be evaluated according to community impact and service needs, total costs, and short term and long term financial impact on operating funds.

Economic Development Policies

♦ The Commissioners' Court is committed to the development and maintenance of a high quality, modern infrastructure.

The Court recognizes that economic development is vital to the health, wealth, and stability of Gregg County.

The commissioners' court is committed to building and maintaining a strong infrastructure, which includes maintaining roads and bridges, to provide high quality services for the residents of Gregg County and to provide an incentive to business and industry seeking to relocate or expand.

• The County is dedicated to development at the Gregg County Industrial Airpark.

The Gregg County Industrial Airpark is a 300 acre site located at the East Texas Regional Airport, formerly called the Gregg County Airport. The commissioners' court developed and funded an airport economic development board to oversee the development of this industrial airpark. This area has been designated as a foreign trade zone and widespread interest is being cultivated. The long range goal of the commissioners' court is to develop a thriving industrial region capable of bringing economic growth and jobs to the community. In addition to the foreign trade zone designation, the aeronautics school for LeTourneau University is a tenant.

♦ The County will continue to support area regional economic development to attract and maintain business and industry.

The commissioners' court continues to support area regional economic development corporations with funding to assist in these corporation's efforts to attract and maintain business and industry. The commissioners' court also executes interlocal agreements with the incorporated cities within the county to continue to provide additional services to the taxpayer.

Gregg County provides property tax abatements, when appropriate, to encourage business and industry to locate new facilities in the county and to encourage the expansion of existing business property, plant, and equipment.

Community Involvement Policies

• Gregg County reduces duplication of facilities and personnel through interlocal agreements.

Section 251.015 of the Transportation Code allows the use of road equipment, other construction equipment, including trucks, and employees necessary to operate the equipment to assist another governmental entity on any project so long as the cost does not exceed \$15,000; and 1) the use of the equipment or employees does not interfere with the county's work schedule; and 2) the county does not pay any costs related to the use of the equipment or employees that the county would not pay if the assistance were not given to the other governmental entity.

Mutual aid agreements help to avoid the unnecessary duplication of services by allowing the county to assist the other governmental entities with road work in turn for their assistance in ambulance and fire protection within the jurisdictional limits of the unincorporated areas of Gregg County.

• Gregg County has continued to fund qualifying community organizations to assist with the development and maintenance of preventive, informative, and special needs programs for the citizens of the county.

These programs and organizations, such as literacy programs, drug and alcohol programs, and health organizations, offer many long-term benefits to the community and help to reduce the costs associated with the judicial processes and indigent costs through preventive measures and enhanced earning capacities of individuals being served.

♦ The County continues to explore ways and concepts to enhance the quality of life and meet the needs of its citizens.

Summary of Capital Asset Guide

The Commissioners Court approved the Capital Asset Guide in August, 2003 as presented and recommended by the County Auditor. This guide was compiled to comply with new reporting requirements of the Governmental Accounting Standards Board (GASB), Statement No. 34. The following summarization is not intended to replace the complete Capital Asset Guide, which may be obtained in the County Auditor's office:

According to the Gregg County Purchasing Policies and Procedure Manual, the Gregg County Purchasing department is responsible for all *county inventory*. This inventory consists of all county property valued over \$499.99 with a useful life of at least one year. Prior to the approval of the Capital Asset Guide inventory was maintained on all items between \$100.00 and \$499.99 as well.

Capital Asset Definitions and Guidelines

- (a) Capital assets are real or personal property that have a value equal to or greater than the capitalization threshold for the particular category of the asset and have an estimated useful life of greater than one year.
- (b) The County has invested in a broad range of capital assets that are used in the County's operations, which include the following major categories:
 - 1. Land and land improvements
 - 2. Buildings and building improvements
 - 3. Improvements other than buildings
 - 4. Infrastructure
 - 5. Machinery, equipment, and other assets
 - 6. Leasehold improvements
 - 7. Construction in progress

Capitalization Thresholds

| Class of Asset | Threshold |
|---------------------------------------|------------------|
| Land/Land improvements | Capitalize all |
| Building/building improvements | \$25,000 |
| Improvements other than buildings | \$25,000 |
| Infrastructure | \$25,000 |
| Machinery, Equipment and Other Assets | \$5,000 |
| Leasehold improvements and | \$25,000 |
| Construction in Progress | |

The County Auditor sets the uniform life and residual value standards for each class of assets, determines appropriate depreciation methods, and advises the commissioners' court and all departments regarding the capitalization process. Routine capital expenditures are defined a ongoing projects with phases for completion but no final project completion date. Non-routine capital expenditures are defined as projects that are scheduled for a specific completion date.

Capital Improvement Plan for Gregg County, Texas

The Capital Improvement Plan (CIP) contains a proposed five-year plan to improve major capital facilities and is approved as part of the FY11 budget. This document is not static in nature and will be updated and extended as a part of the County's annual budget process. Input from all Precinct Commissioners is imperative to develop a clear path for future capital improvements.

Adopted Capital Budget - Only individual projects adopted by Commissioners Court as part of the FY11 budget process are considered 'approved' projects. All subsequent year estimates are for planning purposes only and will be reevaluated for approval during the annual budget process. To reiterate, the CIP serves as a map for planning purposes. Each project must be approved individually by Commissioners Court.

The CIP is organized by Project Type: Airport Projects, Infrastructure Projects, and Transportation Projects. Project descriptions are listed, along with the estimated initial cost to Gregg County for each fiscal year and the intended sources of funding. The project totals shown are estimates of the cost of the entire project and do not necessarily reflect Gregg County's portion of the project.

Airport Projects

The FY11 Budget provides for \$1.5 million in capital expenditures at the East Texas Regional Airport. All airport projects are initially funded by Gregg County, with expected reimbursements from the Federal Aviation Administration at a rate of 90-95%. The County's portion of the \$1.5 million project is \$75,000.

Generally the engineering/design for an airport project occurs in one year and the actual construction begins during the next fiscal year. The County retains an engineering firm to oversee the construction projects and assist with coordinating the FAA grant documentation. The FAA approved project schedule for the airport is available in the airport manager's office.

Gregg County is committed to an ongoing airport improvement program to further advance economic development in the east Texas region. The airport is a portal to our community and the first thing that many business and leisure travelers experience when they arrive. It is very important to make that visit a safe and pleasant one for everyone.

Capital improvement projects are an imperative part of airport operations. Not only do they keep the county in compliance with required FAA regulations for the safe operation of commercial and general aviation, they stimulate the local economy. Development at the airport property brings new and expanded business opportunities, which benefit the community through potential employment and tax revenue.

These pictures were taken at the East Texas Regional Airport, formerly known as the Gregg County Airport. They show the community significance of the airport and the many functions it serves. The airport terminal building is shown on the left.

This 1992 picture (right) shows a privately owned plane in the foreground, with a NASA jet carrying the space shuttle on its way to California.

The airport also hosts the annual Great Texas Balloon Race each summer (below).

Transportation Projects

Transportation projects are usually through interlocal agreements with other agencies such as the North East Texas Regional Mobility Authority (NETRMA), Texas Department of Transportation (TxDOT), and cities within Gregg County. Major projects for Gregg County precincts are included in the CIP.

In keeping with its community policy, the County seeks to minimize duplication to taxpayers by assisting in various state highway projects. Projects approved in recent years include SH135 from IH20 to US271; SH42 between I20 and SH30; widening George Richey Road, and improvements at FM349 in Kilgore. Some of these projects are still under construction.

State Highway 149/State Highway 322 - State analysis showed the traffic crash average for the concurrent portion of SH149 and SH322 is more than twice the statewide average for both rural state highways and rural 4 lane undivided highways. Accordingly, to improve public safety and reduce the loss of life and limb for Gregg County citizens, the Commissioners Court amended the budget in FY10 and allocated \$4.2 million of the capital improvement funds to expedite this project.

As the northern areas of the County continue to grow, the County may participate in the expansion of Spring Hill Parkway. The widening of Tryon road is inevitable and there will be numerous traffic issues the County will be responsible for. The County may share costs to widen the intersection of SH80/SH42 for a turn lane in White Oak. County involvement may be in the form of like-kind services and/or project funding. Estimated costs for these projects are unknown at this time.

Because state highway projects are for state roads and the roads do not belong to the county at the end of the project, funds are budgeted as operating expenditures.

County Facilities Projects

These projects include all projects not categorized as airport or transportation.

<u>Longview Community Center</u> – Built in 1939, this facility (located on Whaley Street) is a state designated historical landmark. The FY11 Budget provides for \$155,000 in capital expenditures towards replacing a portion of the roof and restoring windows. This Community Center is one of 14 county owned facilities used for community activities.

The facility is managed by the Longview Federated Clubs and project priority for construction phases is determined by a contracted architect who is certified to work on historic preservation projects. As a State Historic Landmark preservation and restoration are first and foremost.

This restoration project is ongoing and project completion is unknown at this time. The facility is still being used for community events and work is completed in phases in order to retain the integrity of the facility.

Parking Facility - A Parking facility has been widely discussed. This facility would be available to employees and the public. This project should alleviate the lack of parking for public that is now a problem.

<u>Other Improvements</u> – The FY11 budget includes funds for necessary courthouse improvements as follows: \$300,000 for elevator upgrades, \$75,000 to replace a cooling tower, \$34,000 to overhaul a chiller, \$23,000 to replace the flag pole. Contingencies are budgeted for required ADA compliance at several county facilities and other projects as needed.

<u>Multi-Purpose Facility</u> – The FY11 Budget includes funds to bring this concept to reality in the next 2 years.

The Gregg County Juvenile Probation Department is a "Specialized Local Entity" under the Local Government Code who reports directly to the Juvenile Board. The department receives funding from Gregg County as well as from state and federal grants.

The department's purpose is to facilitate the rehabilitation and reintegration of juvenile offenders back in to the community; to provide protection to the community; to ensure victims of crimes are afforded their rights; and to serve the Juvenile Court by providing supervision to the juveniles who come under the Court's jurisdiction.

For the FY11 budget, there are no salary increases or new positions.

Probation operations include additional grant funding for programs and placement in exchange for reducing commitments to TYC.

AN ORDER OF THE COMMISSIONERS COURT OF GREGG COUNTY, TEXAS, TO ADOPT THE ANNUAL BUDGET FOR GREGG COUNTY FOR FISCAL YEAR 2011

§
