DATE: August 15, 2025

TO: Gregg County Constituents
The Honorable Commissioners Court
Gregg County Officials and Department Heads

SUBJECT: FY26 Proposed Budget

The FY26 Proposed Budget was prepared and submitted in accordance with state statutes to provide transparency and assure public confidence. The vote to adopt the FY26 Budget will be held after the required public hearing on Tuesday, August 26, 2025, during the 10:00 a.m. Commissioners Court meeting. After the budget is adopted, the Court will adopt the 2025 tax rate to fund the FY26 Budget.

The Commissioners' Court decision to maintain strong reserves continues despite the residual effects of last year's pandemic and economic downturns. The largest setback is the ability to hire and maintain a capable workforce, particularly law enforcement and prosecutor positions. Solutions to this dilemma include increasing pay for law enforcement staff and assistant district attorneys to compete with surrounding agencies.

Tax Rate and Tax Revenue

The 2025 tax rate, which funds the FY26 budget, is proposed at the rate of \$0.304331 per \$100 valuation, an increase of \$.006, two-thirds of a penny, from last year, which includes the debt rate of \$0.010088 approved by the citizens for building the parking facility, and does not exceed the voter-approval tax rate.

Revenue and Expenditures

This document is itemized to provide a clear comparison of actual revenue and expenditures in prior years, the current budget, and the FY26 proposed budget for the county's fiscal year which begins October 1 and ends September 30.

Grants often span several years and typically are not concurrent with the County's fiscal year. Therefore, they are excluded from detailed schedules in this document to avoid false assumptions and comparisons. All grant applications are approved by Commissioners Court throughout the year and special budgets are adopted when the Court certifies the grant. Grant budgets roll forward at year end until funds are spent or returned to the granting agency. Notations have been made throughout this document concerning major COVID-19 grants.

Revenue is estimated at \$83,258,945. Revenue sources include 49.7% property tax; 24.8% sales and other tax; 8.5% intergovernmental revenue and 17% fines, fees, licenses, interest and miscellaneous revenue. Proposed expenditures are \$113,449,013, which includes major capital projects, the parking facility and major airport projects. Expenditures are approved categorically as salaries, fringe benefits, operating, capital, and debt/capital lease.

The FY26 Proposed Budget a four percent cost-of-living adjustment for County employees and elected officers. Law enforcement salary adjusts were restructured to recruit qualified officers and promote retention of long-time public servants.

Capital Projects

Capital projects are reviewed and approved each year as part of the annual budget. Projects are prioritized to address statutory compliance and the safety concerns of the County's aging infrastructure. The detailed capital expenditures worksheet includes estimates of the unfinished FY25 project budgets and the new projects for FY26. Funds for all unfinished capital projects roll forward at year end until the project is complete.

Strategic planning for the move to the new parking facility began as the capital project nears completion. The facility will house the downtown tax-assessor collector, the veterans service officers, and the election department, just in time for the November election cycle. The capital project to rehabilitate runway 13/31 at the airport is also near completion.

New facilities are planned for Precinct 2 offices (commissioner, tax office, justice of the peace and constable) and Precinct 3 offices for justice of the peace and constable. Several 'behind-the-scenes' projects are scheduled for FY26, including modifications to four courthouse elevators and chiller system upgrades and replacement of the airport terminal HVAC system and basement upgrades. More visible projects include replacing the airport terminal building exterior finish, sealing and painting taxiways and replacing the airport rescue and firefighting (ARFF) truck.

On October 1, 2025, the implementation process of the Enterprise Resources Planning (ERP) software began. This county-wide software change impacts every department and every employee and replaces 28-year-old software for payroll, human resources, accounts payable, accounts receivable, budget, general ledger and procurement. The departmental and employee training schedule will be finalized soon. Other software upgrades are scheduled for law enforcement dispatch, security systems and a county-wide phone system.

Outstanding Obligation (Debt & Capital Lease)

In November 2024, Commissioners' Court asked the citizens of Gregg County to vote on a \$19M bond to build a parking facility. The bond election passed and the court opted to secure bonds for only \$17,355,000 and use reserves for remaining project costs. Funds are set aside to recall the bond at the earliest option.

Please visit our transparency page on the County's website at www.co.gregg.tx.us for disclosure of county financial data, including county budgets. The FY26 Budget provides accountability and serves as a management control tool to ensure taxpayer dollars are secured and spent legally and wisely.

Sincerely,

Bill Stoudt

OPERATIONS AND PROCEDURES

BUDGET OPERATIONS

As in most Texas counties, the annual budget process is the core planning process for Gregg County. Planning processes for budget operations continue year-round in the form of five-year plans, capital needs assessments, and monitoring increased operational costs.

Texas statutes require strict enforcement of the law governing county finances, including adherence to the budget; however, statutes do allow for transfers within the existing budget. When unplanned projects are proposed during the year and a transfer within the existing budget is not possible, issues are noted and addressed during the next annual budget process. If the situation constitutes an emergency or unforeseen circumstance, the statutes provide the means to amend the budget.

Budget Calculations

Revenue calculations are based on several factors. Historical appraisal data is gathered to determine annual percentage of increase to property values and ultimately determine property tax collections. State Comptroller information is reviewed for various tax collections patterns for sales, motor vehicle, and mixed beverage taxes. Licensing and fees of office are reviewed after each state Legislative session and changes are incorporated into the revenue planning process. Other sources of revenue are evaluated to determine stability as a viable source of income. The Auditor's office provides revenue estimates during the budget process.

The primary function of county government is to provide state mandated services to the constituents. Like most service-driven organizations, salaries and fringe benefits form the majority of the expenses. County officials and department heads submit budget requests each year, and the requested amounts are evaluated based on historical trends and investigation of variances from year to year. After all other expenditures are considered, scenarios are created for providing no raises as well as various cost of living adjustments.

Capital Expenditures

Accounting practices and policies are used to classify projects as capital or operating expense. Capital projects are proposed by department officials, other governmental agencies, citizens' groups, or originate due to emergencies. Capital projects are listed and adopted with the annual budget.

Building improvements and improvements other than buildings costing over \$25,000 and all equipment costing over \$5,000 is capitalized and depreciated at year end to conform to Generally Accepted Accounting Principles (GAAP). Equipment costing over \$25,000.00 is budgeted in Fund 476 Renovations and Acquisitions. Equipment costing between \$5,000 and \$24,999.99 is budgeted at the department level.

The FY26 budget includes a detailed list of approved equipment purchases. During the year unplanned capital requests are individually approved by Commissioners Court prior to making the purchase.

For the benefit of our constituents, Gregg County partners with other governmental entities on regional capital projects such as safety upgrades to roads, assisting with city street improvement programs, or purchasing rights-of-way. These interagency projects are listed in Fund 208 and

shown with the capital project section of the budget. Interagency projects are presented individually to Commissioners Court for approval.

Capital improvements at the East Texas Regional Airport are required by the Federal Aviation Administration (FAA), who funds 90-95 % of each project. Due to the high security nature of all airport matters, the County relies heavily on FAA recommendations.

The airport follows a master plan approved by the FAA first, then approved by Commissioners Court. The auditor and purchasing agent work with the airport director to ensure compliance with appropriate accounting principles and budget and purchasing statutes.

Debt Reduction Plan

The FY26 Budget includes a reserve of \$5,000,000 in the parking facility fund to be reserved for early debt pay off based on the 5-year option.

The Budget Process

The formal budget process begins in April with the formulation of the budget packet. The packet includes a tentative calendar of budget activity for the year and serves as a guide for county departments in the budget process. The annual budget process is based on requirements outlined by the Texas State Legislature in the Local Government Code (LGC), Tax Code, Election Code, and Government Code (GC).

Budget requests are due in May or early June. These are reviewed by the budget office on an individual basis and analyzed in terms of input, output, outcomes, objectives, and historical trends.

Revenue estimates and estimated beginning fund balances are received throughout the budget process from the county auditor. These estimates provide the necessary parameters for evaluating budgetary requests. Meetings are conducted between the budget office and the department officials by appointment.

The budget process is governed by several statutes in the Local Government Code and the Tax Code. The County Judge serves as the budget officer for the Commissioners' Court of the county. Duties of the budget officer include gathering and compiling information from all county offices and proposing an annual budget that meets all statutory criteria. Budget workshops with the Commissioners' Court are held, as needed, to discuss funding levels, requests, and policy issues. By August 15th, the proposed budget must be filed with the county clerk and posted to the county website. The Court must hold a public hearing on the budget and adopt the budget not later than the 25th day after the budget is filed, but before the court adopts the county's ad valorem tax rate. The adopted budget is filed with the county clerk and placed on the county website.

Budgetary Accounting and Reporting

By statute, the County Judge is the budget officer of the county and proposes the annual budget. The County Auditor serves as the county's accountant, audits all financial activity (including grant funds), and provides financial reports. Both offices work closely together to maintain integrity in financial reporting.

Gregg County adheres to Governmental Accounting Standards Board (GASB) and Generally Accepted Accounting Principles (GAAP). Continued grant funding from both federal and state agencies is contingent on the County adhering to GASB and GAAP.

The auditor's office prepares a Annual Comprehensive Financial Report (ACFR) that is audited by an external audit firm annually for compliance. All governmental fund types are accounted for using the modified accrual basis of accounting in both the budgetary process and accounting process. Under the modified accrual basis of accounting, revenues are recognized for budgetary purposes when they are received and become measurable, and expenditures are recognized when the related fund liability is incurred, such as with a purchase order.

The FY26 Budget is legally adopted as a fixed budget, which sets a specific estimate for revenues and expenditures. A fixed budget establishes a maximum spending cap that cannot be exceeded without special authorization from Commissioners Court.

Comparison of the Budget and Financial Reports

Similarities include:

- Revenue is recognized as soon as it is both measurable and available and is available when it is collected within the current period (within 60 days of the end of the current fiscal period). Property taxes and interest associated with the current fiscal period are susceptible to accrual and so have been recognized as revenue of the current fiscal period. All other revenue items are measurable and available only when cash is received by the County.
- Expenditures generally are recorded when liability is incurred in the form of a purchase order. Debt service expenditures (if any) and expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.
- Both the budget and financial reports use the same fiscal year. To ensure congruity with the financial statements, other financing sources and uses are shown in the budget.
- The same chart of accounts structure is used for both reports.

Differences include:

- The budget documents and financial reports serve two corresponding purposes. The budget relates to planning for future operations, provides the means to fund those operations, and establishes maximum spending levels.
 - Financial statements report on the County's adherence to the budget plan and its financial stability.
- The budget only includes annual operating, discretionary and capital funds under the direct oversight of Commissioners Court.
 - Financial statements include all budgeted funds and all other fund types: internal service, trust and agency, enterprise, grants and component units, including pass-through funding.
- The budget focus is estimated revenue and appropriations and beginning and ending fund balances.
 - Financial statements focus on a broader picture including cash, assets, depreciation, liabilities and fund balance accounts.

Budget Administration

State law forbids overall spending above the amount specified in the adopted budget. Gregg County defines a balanced budget as one in which the total expenditures do not exceed the total resources (total estimated revenues plus reserves).

Level of Control

The Gregg County budget is adopted in categorical format with total budget amounts for salaries, fringes, operating and capital expenses. Departments are required to adhere to purchasing and accounting policies for all categories. Operating budget line items provide transparency so taxpayers can understand where their tax dollars are spent; these ‘pooled’ line items are limited by the total operating budget. This allows department heads flexibility to manage their operations at an efficient and effective level according to approved policies.

The county maintains the encumbrance accounting system as a method of budgetary control. Departments must enter requisitions and obtain purchase orders before making purchases. The financial software system suspends encumbrances if the cost exceeds a departmental/project budget, and the purchase order is not created until funds are transferred to cover the purchase. Commissioners Court approval is required for non-budgeted capital items and transfers that cross categories, organization, or funds. All operating encumbrances are closed at the fiscal year end by county policy.

Gregg County uses a positions budget system to control payroll-related spending. Budgets are adopted for each job/position during the annual budget process. The County Auditor manages the positions budget and all payroll-related fringe benefits with payroll software and enforces the Compensation Pay Plan Policy for new hires and position transfers. The Commissioners Court must individually approve any position-related change outside established policies.

Capital expenditures items are budgeted by account and listed in detail in the budget. The Commissioners Court approves the purchase of capital items listed when adopting the budget. Controls are in place through the purchasing agent and auditor’s offices to ensure adherence to the approved purchases. All mid-year changes to capital accounts must be approved individually by Commissioners Court.

Budget Changes

Changes to the budget are submitted to the County Judge’s office in the form of budget transfers or budget amendments. Budget transfers are changes that have corresponding budget reductions and increases between categories, departments, or funds. Budget amendments are changes that will increase the ‘bottom line,’ or total budget expenditures and/or revenue. Budget amendments that draw from reserves are considered only in emergency situations as allowed by Local Government Code 111.010 (c).

Special Budgets

Throughout the course of the year, departments seek grant and other funding sources for specific programs or departmental functions. The Commissioners Court reviews and approves or denies these grants or special funding that are external to the county’s operating budget. Upon court approval, individual budgets are adopted for each grant.

Grants are usually funded on different fiscal year cycles and often span several years. Therefore, detailed grant information is not included in this document. The Annual Comprehensive Financial Report includes financial reporting for all grants and detailed grant information can be obtained in the County Auditor's office.

FY26 Budget Calendar

Date	Activity
April 25, 2025	Deadline for Chief Appraiser to deliver certified estimated taxable valuations
May 5, 2025	Budget Instruction Packet sent to departments
May 5-May 23, 2025	Departments contact Information Technology, Purchasing, and Human Resources to discuss FY26 budget requests.
May 30, 2025	Deadline for departments to return all completed budget forms
June, July 2025	Budget workshops <u>may</u> be held immediately after Commissioners' Court or scheduled as needed; please see agenda posting on www.co.gregg.tx.us for meeting info
July 25, 2025	Deadline for Chief Appraiser to deliver certified appraisal rolls due
After certified appraisals	County Auditor provides revised revenue estimates – based on certified taxable values
August 7, 2025	Deadline for Tax Assessor-Collector to calculate, publish and present to Commissioners Court required schedules, statements and notices of effective and rollback tax rates.
August 5, 2025	Commissioners Court vote to propose tax rate and set public hearing date
August 15, 2025	FY26 Proposed Budget filed with County Clerk and notice to departments of proposed departmental budgets
August 26, 2025	Commissioners' Court holds public hearings on budget and tax rate. After public hearings, Commissioners' Court will vote on the budget and tax rate as per statutory requirements.

OUTSTANDING DEBT OBLIGATIONS

In November 2024, Commissioners' Court asked the citizens of Gregg County to vote on a \$19-million-dollar bond to build a parking facility. The bond election passed, and the court opted to secure bonds for only \$17,355,000 and fund the remaining \$7 million from reserves.

Short-term obligations and leases are paid from current revenue and are recorded according to GAAP on all documentation. The proposed FY26 Budget includes a new debt rate of \$0.010088 to fund the bond payments for the parking facility.

CASH MANAGEMENT

The Commissioners Court established strong financial policies to avoid dependency on economic fluctuation. The fund balance policy is to maintain a minimum unassigned fund balance in General Fund of 25% of budgeted expenditures for the fiscal year, to be used for anticipated needs approved by the Court. Estimates for ending fund balance are based on the assumption that 100% of revenues are received and 100% of appropriations are spent for both FY25 and FY26.

The current operating ratio is 41.05%, while the combined proposed reserve ratio for FY26 is estimated at 28.35%.

Allocated reserves are designated for a specified future use. Unallocated reserves are available for future budget allocation and as well as for emergencies.

FUND BALANCE PROJECTIONS

Fund balance projections are provided throughout the course of the budget process by the County Auditor's office. Projections in this document are based on internal reports, historical trends, proration and sensitivity analysis. FY25 audited figures are expected to be provided in spring of calendar year 2026, well into the new budget year.

The capital project budget appears to be significantly higher than previous years due to the inclusion of work-in-progress estimates for unfinished FY25 capital projects. Previously, the budget only included capital projects for the current fiscal year.

The estimated FY6 beginning balance for all funds is \$100,785,507; estimated revenue is \$83,258,945; appropriations are \$113,449,013; other financing sources and uses are (\$220,000). Ending reserved fund balance is estimated at \$38,743,234, and unrestricted fund balance is estimated at \$31,632,205.

2025 TAX DATA

Tax Base - The 2025 tax base valuations used for the FY26 Budget are \$14,700,407,748, a 5.7% increase from 2024 valuations. Fluctuations in the tax base have primarily been due to rising cost of home sales, mineral valuations, and other economic changes.

<u>Tax Year</u>	<u>General / Constitutional</u>	<u>Road & Bridge</u>
2010	8,093,971,573	8,048,237,756
2011	8,274,304,580	8,228,881,990
2012	8,531,427,424	8,487,523,138
2013	8,551,471,159	8,508,856,500
2014	8,668,365,415	8,626,111,231
2015	8,651,079,813	8,609,094,772
2016	8,508,354,050	8,467,519,618
2017	8,613,348,448	8,573,394,404
2018	8,807,335,194	8,768,016,612
2019	9,271,817,888	9,232,777,913
2020	9,326,166,678	9,292,529,775
2021	9,490,451,166	9,452,407,020
2022	10,938,185,854	10,900,200,187
2023	13,088,917,234	13,050,941,111
2024	13,648,097,342	13,610,466,290
2025	14,700,407,748	14,662,464,598

Tax Freezes – On January 12, 2004, the Commissioners Court adopted Proposition 13, a constitution amendment to Article VIII, Section 1-b(h) of the Texas Constitution. This Proposition authorizes a county to establish an ad valorem tax freeze on residence homesteads

of the disabled and of the elderly and their spouses. Simply put, the total amount taxed to qualifying residents is fixed from the point of eligibility until certain criterion affects the eligibility. *This Commissioners Court action resulted in sending \$11.1 million dollars back to the disabled and elderly residents of the County.*

Mineral Values - Overall mineral values have significantly declined over the last 32 years. In 1992, mineral taxable valuations were \$1.9 billion, today the valuations are \$201,844,441, a 3.8% decrease from last year's value of \$209,684,155. Production levels in the East Texas oilfield will continue to vary due to legislative policies and companies migrating to oil and gas fields in West and Southwest Texas. Past experience reveals that decreased production adversely affects other areas of economy and ultimately the local tax base.

Average Home Values - Since 1996, the sustained increase in home values have helped stabilize the overall tax base by substantially offsetting the mineral value decreases. Economic diversification and growth, population increases and rising property values are crucial to the recovery and stabilization of Gregg County's tax base.

As the nation's housing trends fluctuate, the East Texas region is experiencing growth spurts with baby boomers leaving major metropolis areas to retire in the area. As the area continues to grow, the quality of life improves, and people can afford better housing. The average home value increased 5.7% from \$ \$244,421 to \$258,390.

Property Tax Rate - For the FY26 budget the 2025 tax rate is proposed at 0.304331 per \$100 valuation, an increase of \$0.006 two-thirds of a penny which includes \$0.010088 for debt service on the parking facility voted and approved by the voters.

The proposed property tax rate disbursement for FY2025-26 follows:

<u>Fund</u>	<u>Rate</u>	<u>Tax Revenue</u>
General Fund	.255952	\$ 34,390,912
Airport Maintenance Fund	.014010	1,882,449
Road and Bridge	.020242	2,721,374
FM Lateral Road	.004039	551,984
Debt Rate	<u>.010088</u>	<u>51,355,471</u>
Total Tax Rate & Distribution	<u>.304331</u>	<u>\$ 40,902,190</u>

The 2025 tax distribution includes maintenance and operations (M&O) and interest and sinking (I&S).

PERSONNEL ISSUES

Human resources are the most valuable assets of all service organizations. The Court's number one goal is to provide quality service to the citizens of Gregg County. Employees are the 'public face' of the County. They are the sheriff's deputy who works 24/7 to protect and serve, the clerical worker who maintains records and the blue-collar worker who maintains the roads and county facilities. The Commissioners Court uses several administrative policies to fulfill the task of balancing the demands of public service and exercising control of taxpayer dollars.

The positions budget is a tool used to maintain a level of control over payroll changes that occur throughout the year. By adopting the FY26 Budget, the Court adopts the positions budget schedule that corresponds with the payroll line items for each department.

The FY26 budgeted positions are based on the new FY24 Compensation Pay Plan Policy. This policy requires vacancies to be filled at the levels approved in the policy. Starting salaries may not exceed the current position budget for the vacant position.

Another administrative tool used for human resource matters is the personnel policy. An appointed committee reviewed and evaluated the personnel policy manual to ensure compliance with laws and fairness of policy issues. Since Commissioners Court adopted the policy in FY24, several modifications have been submitted for Court approval, thus maintaining a living document addressing employee issues and ever-changing laws.

Merit, COLAs, and Longevity Pay

The FY26 proposed budget includes a four percent cost-of-living adjustment for County employees and elected officers. Law enforcement salary adjustments were restructured to recruit qualified officers and promote retention of long-time public servants. Eligibility requirements and funding for HB 4264 are pending for the life-time state reimbursement of \$6,500 for master peace officers.

Full-time employees are eligible for longevity pay of \$8 per month of service and is awarded at 5, 10, 15, and 20 years of service. Longevity is paid annually as follows: \$480 for employees with 5-9 years of service, \$960 for 10-14 years, \$1,440 for 15-19 years, and \$1,920 for employees with 20+ years of service.

Fringe Benefits

The County's medical insurance is a self-insured plan administered by a third-party administrator. The county established an internal service fund to properly account for the fund's activity. As an accounting practice, internal service funds are not budgeted. The court contracts with a consultant to assist with bid preparations and evaluation of stop loss, health, dental, life, long term disability and other payroll-related insurance. The consultant also evaluates and advises the county regarding the management of the self-insurance funds. Data concerning this fund's activities is available to the public as analysis is provided on an ongoing basis. In addition to health and dental insurance, the county provides group life, accidental death and dismemberment and long-term disability insurance.

Gregg County participates in the Texas District and County Retirement System (TCDRS) and the federal Social Security System. The TCDRS performs actuarial studies each year and presents minimum required contribution rates to participating entities. The Commissioner's Court is required to annually review these schedules and approve at least the minimum contribution rate required for all employees of the County. The 2026 employer contribution rate is budgeted at 12.20%. The employee contribution rate remained at 7%. The retirement system operates on a calendar year.

Positions Budget

A chart of all full-time positions is shown on the next page. The chart reflects full-time positions only, and decimals represent full-time positions with duties spanning two

departments. Part-time positions are not shown. Grant funds are not included in the operating budget and are not reflected on this schedule.

All changes to positions are approved by Commissioners Court, preferably during the budget process. Department heads are not required to fill positions, and they can hire employees below the recommended minimum base pay for the job grade. Department heads cannot fill positions at a level higher than the policies approved in the base pay plan. Once a position becomes vacant, it is the responsibility of the department head to justify the need for the position to be filled.

New Positions

Requests for new employees must be supported by data indicating the new position is mandated by state or federal regulations, or that a department's workload has increased significantly. The request is considered more favorably when outside sources will fund the new position. Grant positions are evaluated at the end of the grant term to determine if the position is viable for future funding in the operating budget.

Mid-year FY25, the County Clerk requested one full-time employee be added to the collections division to better assist clients and facilitate reporting requirements and the County Judge added a budget position to train for retiring employee. A part-time position in the Human Resources department was converted to full-time. One maintenance technician was added at the airport and one helpdesk position was added in the information technology department. The District Attorney's office added a full-time investigator with grant funds, with the County matching all related benefits.

The maintenance department added one technician and one housekeeper position for the new parking facility and restructured three part-time positions into full-time positions – one in housekeeper and one snack bar cook. These four positions are directly related to added responsibilities for maintenance and cleaning at additional county facilities

Deleted or Restructured Positions

Positions can be restructured within a department to maximize productivity and efficiency and reduce costs. Positions can also be deleted through attrition, restructuring, workforce reduction, or a combination of these processes. Employees affected by restructured or workforce reduction are allowed to apply for vacancies in other departments.

No positions were deleted in the FY26 budget. To streamline operations for the ERP software, eight positions at the Marvin A. Smith (MAS) Criminal Justice Center were moved to the Jail budget and four Commissioners in the Road & Bridge Administration department were moved into the respective precinct budgets.

COUNTY POLICY AND LONG RANGE GOALS

Mission Statement

Our mission is to provide quality services that are responsive, respectful, and effective in a fair and equitable manner that will enhance the quality of life for Gregg County residents.

Vision

- We will treat the residents of Gregg County with dignity and respect;
 - We will continually strive to maintain the trust and credibility that the residents of Gregg County expect and deserve;
 - We will be accountable to our citizens of Gregg County and responsive to their needs;
 - We will embrace our historical heritages;
 - We will continually explore new ways of innovation and service capabilities.
-

Gregg County Goals

- 1) Provide quality service to the citizens of Gregg County
- 2) Manage the public's resources with the highest integrity
- 3) Strive for efficiencies in all departments
- 4) Maintain accountability in all departments
- 5) Provide an equitable justice system that is equal to all
- 6) Promote the values of every employee, treating them with respect, fairness, and diversity
- 7) Preserve the historical culture of Gregg County
- 8) Retain community communications and improve relationships with all cities in Gregg County
- 9) Maintain a leadership role in regional issues
- 10) Promote and preserve the health, safety, and welfare of the citizens of Gregg County

Budget Policies

- ◆ **Gregg County shall maintain a balanced budget.**
 - Accordingly, a balanced budget is one in which the total expenditures do not exceed the total resources, or total estimated revenues plus unrestricted reserves. Optimally, the goal in balanced budgeting is for expenditures not to exceed revenues, while maintaining a minimum unassigned fund balance in General Fund of 25% of budgeted expenditures for the fiscal year, to be used for unanticipated needs approved by the Court.
- ◆ **A comprehensive budget shall be prepared on an annual basis covering all proposed expenditures for the succeeding fiscal year.**
 - Texas Local Government Code Section 111 establishes the rules for all county budgets. It provides the Commissioners' Court and the general public with the necessary financial information to evaluate the overall financial condition of the county.
- ◆ **The budget shall be prepared in such a manner as to facilitate its understanding by the general public and the Commissioners' Court.**
 - The County Judge, as the statutory budget officer, strives to provide the general public and the court with an informative and comprehensive budget document that not only provides financial data, but addresses policy statements and issues pertinent to the decisions of the county. This budget document is designed to give a more complete understanding of the facts and circumstances supporting the decisions being made by county officials.
- ◆ **The Commissioners' Court shall hold public hearings on the budget and tax rate as required by statutes.**
 - Texas Local Government Code Section 111.007 requires a public hearing on the proposed budget, subject to the Texas Open Meetings Act. Texas Tax Code Section 26 establishes the rules for setting the tax rate. In the event of a tax revenue increase, counties are required to have a separate vote on the proposed tax increase, a public hearing on the tax rate, and public notification in budget documents, local newspapers, and on the County's website. If the proposed tax rate exceeds the allowable tax increase limits, an election to approve or reject the proposed tax rate is required.
- ◆ **The budget shall be prepared in such a manner to support GASB reporting requirements.**
 - The goal of the budget department is to corroborate the financial reporting requirements of GASB by coordinating budget documentation with financial reports provided through the County Auditor's office.
- ◆ **Gregg County shall maintain a budgetary control system for adherence to the adopted budget.**
 - The county maintains an encumbrance accounting system as a method of budgetary control of expenditures. Appropriations in the annual budget are expended through the issuance and approval of purchase orders. Purchase orders are cancelled at year end according to county policy. Additionally, payroll software ties to the financial system to maintain budgetary compliance with the adopted positions budget.
- ◆ **Capital Project Fund budget(s) for ongoing capital projects will be rolled forward into the new fiscal year until completion of the project.**

Accounting Policies

(Including Revenue & Expenditures)

- ◆ **Financial statements will be prepared and maintained in conformity with GAAP and GASB standards.**
 - Gregg County prepares its financial statements in conformity with Generally Accepted Accounting Principles (GAAP) for local governmental units and the Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.
- ◆ **Revenue policies are as follows:**
 - Funding sources are sought for various programs throughout the County to offset the loss of state and federal funding and to compensate increased expenditures due to mandates.
 - State laws predominantly mandate flat rates or minimum/maximum amounts for fees and charges for service, leaving some discretion to the Commissioners' Court. Justification is required by departments before Commissioners' Court increases a fee, unless the change is mandated. The statutory fees collected by the County rarely, if ever, cover the cost of services provided.
 - One-time revenues are not considered for ongoing expenditures.
- ◆ **Expenditures policies are as follows:**
 - Local Government Code 111.010 provides that once the budget is approved by the Commissioners' Court, the county may spend funds only in strict compliance with the budget, except in the case of an emergency.
 - The goal of the Commissioners' Court is to maintain a minimum unassigned fund balance in General Fund of 25% of budgeted expenditures for the fiscal year, to be used for unanticipated needs approved by the Court.
 - The county maintains accountability for actual expenditures to budget comparison with financial reports, which are compiled by the county auditor's office and acknowledged by Commissioners' Court monthly. Additionally, the financial software is set to restrict spending from insufficient funds at the requisition level.
 - Capital items (\$5,000.00 and up) not shown in the adopted budget detail schedule must be approved individually by Commissioners' Court prior to encumbering funds for the purchase.
 - Positions budget changes must be approved individually by Commissioners' Court prior to submitting changes to the payroll department.

Cash Management: Investments and Reserves Policies

- ◆ **The County's most recent bond rating with S&P Global Rating was A+ and, should the County seek debt obligations, it is the county's goal to maintain this rating or improve it.**
- ◆ **The Commissioners' Court established an Investment Committee comprised of the County Judge, one Commissioner, the County Auditor, a Lead Internal Auditor and two citizens involved in the financial market. The County Auditor and Lead Internal Auditor serve as Co-Investment Officers for the County. This committee recommends policy for adoption by the Commissioners' Court.**
- ◆ **Commissioners' Court contracted with a professional investment firm to evaluate and assist with investment strategies resulting in higher yields in an ever-fluctuating market.**

Investment Strategy Objectives

Gregg County's investment strategy objectives are to:

- 1) Understanding of the suitability of the investment to the financial requirements of the entity.
- 2) Preservation and safety of principal.
- 3) Liquidity.
- 4) Marketability of the investment if the need arises to liquidate the investment before maturity.
- 5) Diversification of the investment portfolio.
- 6) Yield; and
- 7) Maturity restrictions.

Fund Balance / Reserve Policy

- ◆ **Gregg County defines fund balance as the excess of the assets of a fund over its liabilities, reserves and carryover.**
 - Allocated reserves are designated for a specified future use. Unallocated reserves are available for future budget allocation and are available for emergencies.
- ◆ **It is the goal of the Gregg County Commissioners' Court to maintain a minimum unassigned fund balance in General Fund of 25% of budgeted expenditures for the fiscal year, to be used for unanticipated needs approved by the Court.**

Debt Policies

- ◆ **The county shall adhere to all laws regarding debt issuance, including tax limitations.**
 - ◆ Article III, Section 52 of the Texas Constitution authorizes counties, upon a vote of two-thirds majority of the voting qualified voters in the county, to issue bonds or otherwise lend its credit in any amount not to exceed one-fourth of the assessed valuation of the real property in the County as long as it doesn't exceed the limits imposed by other provisions of the Constitution.
 - ◆ The Constitutional limit for debt is stipulated in Article VIII, Section 9 of the Texas Constitution stating that no county shall levy an ad valorem tax rate in excess of \$.80 per \$100 of assessed valuation for any one year for general, permanent improvement, road & bridge and jury fund purposes.
- ◆ **The county adheres to its goals of early retirement of all its callable bonds and plans to continue this policy for future debt service.**
- ◆ **Gregg County maintains a level of indebtedness within available resources.**

Capital Acquisition and Capital Improvement Policies

- ◆ **The county will adhere to the Capital Asset Guide as approved by Commissioners' Court in October 2016.**
- ◆ **The Commissioners' Court will attempt to pay all capital improvement project costs on a cash basis.**
- ◆ **The Capital Improvement Plan (CIP) will be annually reviewed during the budget process for modifications to the plan and to approve specific projects.**
 - Capital improvement projects approved for funding will be evaluated according to community impact and service needs, total costs, and short-term and long-term financial impact on operating funds.
- ◆ **The Commissioners' Court desires transparency when accounting for capital assets.**
 - All capital equipment over \$25,000, capital road projects over \$100,000 with \$50,000 in materials, bridge projects costing \$25,000 or more, and all capital building renovation projects exceeding the capitalization threshold are moved to a capital project fund for tracking purposes.

Economic Development Policies

- ◆ **The Commissioners' Court is committed to the development and maintenance of a high quality, modern infrastructure.**
 - The Court recognizes that economic development is vital to the health, wealth, and stability of Gregg County.
 - The Commissioners' Court is committed to building and maintaining a strong infrastructure which includes maintaining roads and bridges to provide high quality services for the residents of Gregg County and to provide an incentive to business and industry seeking to relocate or expand.
- ◆ **The County is dedicated to development at the Gregg County Industrial Airpark.**
 - The Gregg County Industrial Airpark is a 300-acre site located at the East Texas Regional Airport, formerly called the Gregg County Airport. The Commissioners' Court developed and funded an airport economic development board to oversee the development of this industrial airpark which was designated as a foreign trade zone in 1998. To continue economic growth, sub-trade zones were established in the cities of Kilgore and Longview. The long-range goal of the Commissioners' Court is to develop a thriving industrial region capable of bringing economic growth and jobs to the community. In addition to the foreign trade zone designation, tenants include the LeTourneau University aeronautics school and many other private aviation departments of companies located in East Texas.
- ◆ **The County will continue to support regional economic development to attract and maintain business and industry.**
 - The Commissioners' Court continues to support area regional economic development corporations and assists in their efforts to attract and maintain business and industry. The Commissioners' Court also executes interlocal agreements with the incorporated cities within the county to continue to provide additional services to taxpayers.
 - Gregg County provides property tax abatements, when appropriate, to encourage business and industry to locate new facilities in the county and to encourage the expansion of existing business property, plant, and equipment.

Community Involvement Policies

- ◆ **Gregg County reduces duplication of facilities and personnel through interlocal agreements.**
 - Section 251.015 of the Transportation Code allows the use of road equipment, other construction equipment, including trucks, and employees necessary to operate the equipment to assist another governmental entity on any project so long as the cost does not exceed \$15,000; and 1) the use of the equipment or employees does not interfere with the county's work schedule; and 2) the county does not pay any costs related to the use of the equipment or employees that the county would not pay if the assistance were not given to the other governmental entity.
 - Mutual aid agreements help to avoid the unnecessary duplication of services by allowing the county to assist the other governmental entities with roadwork in turn for their assistance in ambulance and fire protection within the jurisdictional limits of the unincorporated areas of Gregg County. Additionally, Section 251.012 of the Transportation Code allows counties to assist cities with street repair projects via reimbursement or in-kind services.
- ◆ **Gregg County has continued to fund qualifying community organizations to assist with the development and maintenance of preventive, informative, and special needs programs for the citizens of the county.**
 - These programs and organizations, such as literacy programs, drug and alcohol programs, and health organizations, offer many long-term benefits to the community and help to reduce the costs associated with the judicial processes and indigent costs through preventive measures and enhanced earning capacities of individuals being served.
- ◆ **The County continues to explore ways and concepts to enhance the quality of life and meet the needs of its citizens.**

CAPITAL ASSETS AND IMPROVEMENTS

Overview

To conform to Generally Accepted Accounting Practices (GAAP), the capital project section of the budget includes capital equipment, capital road projects and infrastructure projects.

Capital projects spanning several years are budgeted in separate funds and remaining budget balances are carried forward each year end, until the project is completed. Capital expenses that will not span several years are budgeted in the Renovation and Acquisition Fund.

Impact of Capital Projects on County Labor Force - Projects scheduled for FY26 will not impact the county's labor force through either reduction or addition of job positions. Payroll and operating expenses may increase slightly when inmate labor or road and bridge resources are utilized, but the cost impact is negligible when compared to outside contractors performing the work. The impact on regional labor force has not been recorded when the project is overseen by engineers and/or architects.

Projects completed during the past few years include courtroom renovations; upgrades for computer software and hardware; upgrades for elevators; ADA compliance modifications; energy efficiency at the courthouse; projects at the airport; and numerous county, state and municipal road projects.

Through its prudent management of funds, Gregg County annually dedicates reserves to Capital Improvement Funds and was able to pay for all capital projects for 20 years without incurring debt. Reductions to revenues and unfunded state mandates affected the ability to plan for additional capital projects and in FY24 the County sold bonds to build a parking facility with voter approval.

Summary of Capital Asset Guide

The most recent revisions to the Capital Asset Guide were approved by Commissioners' Court in October 2016. The guide was compiled to comply with new reporting requirements of the Governmental Accounting Standards Board (GASB), and Generally Accepted Accounting Procedures (GAAP).

Copies of the Capital Asset Guide can be obtained from the County Auditor's office. Copies of the Gregg County Purchasing Policies and Procedure Manual can be obtained in the County Purchasing Agent's office. Both copies are on file in the County Clerk's Office. These two policies describe the responsibilities of all employees, department heads, the County Auditor and the Purchasing agent and their staff and encompass purchasing, tagging, inventorying, accounting and capitalization of assets. *The following summarization is not intended to replace these guides.*

Comparison of Inventory vs. Capitalization

Property inventory requirements and capitalization thresholds are different subjects that are commonly confused because of their overlapping terminology.

- An **inventory** is an itemized list for tracking and controlling property.
- **Capitalization** is an accounting rule used to recognize a cash outlay as an asset on the balance sheet, rather than as an expense on the income statement.

- **Capital assets** are those assets that meet the estimated useful life and monetary cost criteria and warrant capitalization in the financial statements. All items owned by an organization can rightfully be considered assets, but as a practical matter, organizations do not capitalize all of them.

The Gregg County Purchasing department is responsible for all procurement processes and county inventory, including disposition of county assets. Beginning FY24, the inventory threshold for inventory consists of all county property valued over \$5,000.00 with a useful life of at least two years. Certain controlled assets will also be tagged and recorded to protect the County's investment (for example: laptops, weapons, iPads, and similar items).

Capital Asset Definitions and Guidelines

- (a) Capital assets are real or personal property that have a value equal to or greater than the capitalization threshold for the category of the asset and have an estimated useful life of greater than one year.
- (b) The County has invested in a broad range of capital assets that are used in the County's operations. Major categories and capitalization thresholds are:

Class of Asset	Account	Threshold
Land/Land improvements	751000	Capitalize all
Building/building improvements	752000	\$ 25,000
Improvements other than buildings	752500	\$ 25,000
Machinery, Equipment and Other Assets	753000	\$5,000
Leasehold improvements & Construction in Progress	755000	\$ 25,000
Infrastructure – incl. road & bridge construction	756000	\$100,000

The County Auditor sets the uniform life and residual value standards for each class of assets, determines appropriate depreciation methods, and advises the Commissioners' Court and county offices about the capitalization process. Routine capital expenditures are defined as ongoing projects with phases for completion but no final project completion date. Non-routine capital expenditures are defined as projects that are scheduled for a specific completion date.

Note 1 - Unfinished projects balances are reconciled at year end and corrected remaining budget amounts will be entered to adhere to budget statutes.

Note 2 - Bonding and engineering fees, and inflation allowance are managed by Purchasing Agent

Capital Improvements

The FY26 proposed budget includes major infrastructure projects, major road projects and major equipment. During the fiscal year and after reviewing for legal compliance and adherence to purchasing statutes, each project is approved individually by Commissioners Court. Approved capital project and capital equipment items are procured through the county purchasing agent who ensures all purchases are legally compliant.

Remaining capital project funds at year end are rolled into the next fiscal year until the capital project is complete. Due to the time lapse between obtaining quotes (in May or June) and the earliest date to procure (October 1), an inflation allowance account was established with estimated inflation cost was budgeted to cover inflation, if the October 1 price exceeds the original quote. Any excess in the inflation allowance account will revert to fund balance at year end.

Capital Equipment Replacement Plan

Capital equipment purchases exceeding \$25,000 are accounted for in capital project funds; listed on a detailed schedule in the annual budget; and are capitalized at year end. Departmental budgets are charged when the cost of equipment is between \$5,000 and \$25,000.

Most major equipment purchases are budgeted as acquisitions in Fund 476 the Renovations and Acquisitions Fund. The FY26 budget includes funds to replace aging, defective equipment and infrastructure improvements.

Enterprise Resource Planning (ERP) Software

Major technological purchases (i.e. computer hardware, software, etc.) are recorded in Fund 472 the Computer Upgrade Projects Fund. Recent purchases include upgrades to financial software and network servers and storage equipment. Per policy, the auditor's office decides when these items are capitalized. Items that are not capitalized are typically expensed in the Information Technology department.

In FY24, Commissioners Court formed a 10-member ERP committee to search for software to replace the current financial software. The committee's goal was to find an end-to-end solution where employees in the field could submit their time and access paycheck data; department heads could view high-end summaries, then drill down to detail data; and the flow between payroll, human resources, general ledger, budgeting, accounts payable, and purchasing was seamless. Formal requests for proposals (RFP) were received, evaluated and the committee narrowed the options to three top vendors. Demonstrations, reference checks and site visits followed. To present the final selection to Commissioners Court several steps must take place, including adopting budget to pay for the project. In FY25 Commissioners' Court approved the committee selection and contracted with Precision Task Group for implementation of Workday software. Designated personnel participated in the set-up and training during the initial implementation. The departmental and employee training schedule will be finalized soon.

Airport Projects

Gregg County is committed to an ongoing airport improvement program to further advance economic development in the East Texas region. The airport is a portal to our community and the first thing that many business and leisure travelers experience when they arrive and it is very important to make that visit a safe and pleasant one.

Airport projects are initially funded by Gregg County, with expected reimbursements from the Federal Aviation Administration (FAA) at a rate of 80-95%. The airport master plan serves as a guideline for airport projects based on the priority decided by the FAA. The County and the FAA work together to ensure our airport facility and grounds are maintained in excellent condition. The FY26 Budget includes the

continuation of improvement projects for security gates, the passenger bridgeway, beacon replacement and replacement of the Airport Rescue and Fire Fighting (ARFF) truck. New projects for FY26 include airfield lighting rehabilitation, airfield drainage improvements, RWY 18-36 and Taxiways Rehab. The FAA has the final determination on airport project timelines.

The County retains an engineering firm to oversee the construction projects and assist with coordinating the FAA grant documentation. The FAA approved project schedule for the airport is available in the airport manager's office.

Airport capital improvement projects are vital to maintaining compliance with required FAA regulations. Upgrades allow safe operations of commercial and general aviation, as well as stimulate the local economy. Development of the airport property brings new and expanded business opportunities, which benefit the community through potential employment and tax revenue.

Several non-FAA airport projects have been ongoing since FY25. At the terminal building the HVAC system and exterior insulation finishing system (EFIS) will be replaced and the basement and airport water fountains will be upgraded. The maintenance shop storage shed will be replaced. New projects include upgrades to the PHI Hangar, crack seal and seal coat and marking/painting airfield areas.

Interagency Transportation Projects

Gregg County participates in interagency transportation and other projects by providing matching funds and in-kind services through contractual and/or interlocal agreements with other agencies such as the North East Texas Regional Mobility Authority (NETRMA), Texas Department of Transportation (TxDOT), and various cities and economic development corporations within Gregg County.

In keeping with its community policy, the County seeks to minimize duplication to taxpayers by assisting in various state highway projects. Projects approved in recent years include:

- SH135 from IH20 to US271
- SH42 between I20 and SH31
- George Richey Road / FM2275 project
- Improvements to FM349 in Kilgore
- Improvements at SH 149 and SH322
- Safety improvements in White Oak and Gladewater
- Safety upgrades at Loop 281/Pine Tree Parkway
- Safety upgrades at Smelley Road/FM2208
- Sabine ISD elementary school crossings zones
- Safety upgrades at Hawkins Parkway and SH259
- Improvements to FM2206 Harrison Road

The TxDOT project to widen SH42 is currently underway, with a projected cost of \$60 million. Texas state highway projects require counties to pay 10% of the cost for right-of-way/utility relocation. Gregg County's portion of \$2,841,944 was paid in FY22 and FY23.

In FY24 the County paid \$199,000 for the required right-of-way contribution for State Highway 31 from .09 miles West of FM 2767 (at the Smith County line), East to FM 1639 (where the four lanes begin).

As the northern areas of the County continue to grow, the County may participate in the expansion of Spring Hill Parkway. County involvement may be in the form of like-kind services and/or project funding. Estimated costs for these projects are unknown at this time.

Because state highway projects are for state roads, and the roads do not belong to the county at the end of the project, the County does not capitalize these roads. The County continues to partner with TxDOT and other government agencies for other transportation improvements on a cash basis, pay-as-we-go approach.

Other County Projects

Major County Road and Bridge Projects are capitalized at year end to conform with GAAP. Road projects that cost over \$100,000 with at least \$50,000 in materials, and bridge projects costing \$25,000 or more are capitalized at year end. Road and bridge projects costing under the capital thresholds are considered operating expense. Statutes require the County to classify the condition of each county road and develop a multi-year plan for road repairs and major road projects. The appendix includes a list of capital road projects funded in the FY25 budget.

Parking Facility and Courthouse Facility - A parking facility has been widely discussed. Parking spaces surrounding the Courthouse are always filled, and on days with high volume court dockets, juror summons, and Attorney General child support court, people are parking and walking several blocks to the Courthouse, often in inclement weather. A new parking facility would be available to employees and the public.

In FY18 the County purchased property at the corner of Methvin and Center streets, across from the Courthouse square. In FY21 Commissioners' Court contracted with an engineering firm to design a parking facility including much needed office space for the elections, veteran's services and human resources offices. With rising inflation costs, construction bids exceeded initial estimated costs by several million dollars. In FY23, Commissioners Court voted to move forward with a \$19-million-dollar parking facility. On August 14, 2023, Commissioners Court met with bond counsel for guidance on a bond election on the November 2023 ballot. The FY26 budget includes final construction cost. Departments are scheduled to move in during September 2025.

Juvenile Facility Renovations – The Juvenile facility was originally constructed in 1978, and additions were added in 1986 and 1992. In FY17, it was discovered that commercial properties constructed near the facility inadvertently created major drainage issues on the County's property and under the juvenile building. Road & Bridge Precinct 1 replaced a 30-year-old damaged culvert and alleviated most of the drainage issues. The drainage project materials cost \$88,138, and Precinct 1 saved the County \$166,839 in labor and equipment overhead costs. The drainage project also uncovered structural issues to the facility, and the County hired an engineering firm for renovations and upgrades to the facility. The project cost was \$1.2 million. The design and construction spanned three years (from 2017-20) because the facility had continued juvenile detention operations which required strict compliance with Texas Juvenile Justice Department (TJJD) regulations.

Other Improvements –The Commissioners Court contracted with Trane Corporation to perform an energy study at the courthouse, and, after presentation of their findings, the County contracted with Trane to perform a \$3.2 million project to update the courthouse heating/cooling system. The final phase of this two-year project was completed in 2016. Scarcity of replacement parts and state mandates for energy cost controls were two major factors necessitating the replacement of aging HVAC systems at the courthouse and jail facilities.

In conjunction with the Trane project, the work performed in the county's ceilings uncovered other pressing needs including a variable frequency controller for air handler units, asbestos abatement before installing the heating and cooling handlers, replacement of ceiling tiles and a fire security alarm system. These projects were addressed in FY16.

Alternating seasons of drought, then abundant rain impacted the integrity of the aging Courthouse roof and building envelope. The Courthouse roof project was divided into two phases. Phase 1 was completed in FY17; Phase 2 was completed in FY18. Additionally, the outside envelope of the Courthouse building was cleaned, and sealants were applied windows and damaged mortar to preserve and extend the life of the building.

When building renovations are performed, compliance with the Americans with Disability Act (ADA) is mandatory. Over 60% of the County's buildings/facilities were built prior to 1990, when the ADA was enacted by Congress. Renovations began several years ago in high traffic areas at the Courthouse: restrooms, countertops in all offices, doorways, devices for the hearing impaired, braille wall plaques, etc. The County owns six (6) community buildings and one park; all were built prior to 1990. Due to structural issues and major ADA compliance requirements, these facilities are being evaluated for feasibility of continued operations. The maintenance director oversees repairs and modification for ADA compliance, and expenditures are recorded in General Fund operations instead of the capital fund.

Over the last 15 years, five of six courtrooms have been renovated for better efficiency and ADA compliance. When drawing the plans, ADA compliance was addressed in courtroom jury boxes, jury rooms, and jury restrooms; at the judge's bench and witness stands, and in the judicial office space. Additionally, modern media was incorporated to assist people with hearing and visually disabilities. The renovation of the County Courtroom and County Judge's office was completed in the summer of 2022.

Other considerations for capital improvements include a facility for Precinct 3 Justice of the Peace and Constable offices and courtroom. Currently, the Justice of the Peace offices and courtroom are renting offices from the City of Kilgore. Gregg County and the City negotiated an agreement for land for a new facility.

In FY24, an existing bank building was located in Precinct 2 and negotiations led to the County purchasing the facility for the Precinct 2 Commissioner, Constable, Justice of the Peace (and courtroom) and the Tax Office, which are currently located at the Greggton Facility. The budget includes funding for renovating this facility to meet the needs of these offices as they serve the citizens of Precinct 2. Bids were let for renovations and will be brought to Court for approval soon.

The FY26 budget also includes funding for upgrades to the Courthouse elevators and chiller.

In the past separate capital project funds and organization numbers were created for each project. To simplify accounting for capital projects, Fund 476 the Renovations & Acquisitions Fund was created to account for both equipment acquisitions and renovations. Existing organization numbers are used to classify departmental purchases. Renovations are labeled by specific project.

The Gregg County Juvenile Probation Department is a Specialized Local Entity under the Local Government Code who reports directly to the Juvenile Board. The department receives funding from Gregg County as well as from state and federal grants.

The department's purpose is to facilitate the rehabilitation and reintegration of juvenile offenders back into the community; to provide protection to the community; to ensure victims of crimes are afforded their rights; and to serve the Juvenile Court by providing supervision to the juveniles who come under the Court's jurisdiction.

For the FY26 budget, expenditures remain consistent with state guidelines and there are no new positions.

JOHN W. MOORE
CRIMINAL DISTRICT ATTORNEY
GREGG COUNTY, TEXAS

September 14, 2025

The Honorable Bill Stoudt
County Judge
Gregg County, Texas

Re: FY 2026 Criminal District Attorney Drug Forfeiture Fund Budget

Dear Judge Stoudt:

I have enclosed herein the Forfeiture Fund budget of this office for the 2026 fiscal year to be included in the FY 2026 County Budget. In keeping with the requirements of Article 59, Code of Criminal Procedure, this budget is submitted for the Court's acknowledgment. All monies are used solely for official purposes as required by law.

Sincerely,

cc: Gregg County Auditor

Enclosure

John W. Moore

Taxing Units Other Than School Districts or Water Districts

Form 50-856

Gregg County	Farm to Market/Flood Control	903-237-2552
Taxing Unit Name		Phone (area code and number)
101 E. Methvin, Longview, Texas 75601		www.co.gregg.tx.us
Taxing Unit's Address, City, State, ZIP Code		Taxing Unit's Website Address

GENERAL INFORMATION: Tax Code Section 26.04(c) requires an officer or employee designated by the governing body to calculate the no-new-revenue (NNR) tax rate and voter-approval tax rate for the taxing unit. These tax rates are expressed in dollars per \$100 of taxable value calculated. The calculation process starts after the chief appraiser delivers to the taxing unit the certified appraisal roll and the estimated values of properties under protest. The designated officer or employee shall certify that the officer or employee has accurately calculated the tax rates and used values shown for the certified appraisal roll or certified estimate. The officer or employee submits the rates to the governing body by Aug. 7 or as soon thereafter as practicable.

School districts do not use this form, but instead use Comptroller Form 50-859 *Tax Rate Calculation Worksheet, School District without Chapter 313 Agreements* or Comptroller Form 50-884 *Tax Rate Calculation Worksheet, School District with Chapter 313 Agreements*.

Water districts as defined under Water Code Section 49.001(1) do not use this form, but instead use Comptroller Form 50-858 *Water District Voter-Approval Tax Rate Worksheet for Low Tax Rate and Developing Districts* or Comptroller Form 50-860 *Developed Water District Voter-Approval Tax Rate Worksheet*.

The Comptroller's office provides this worksheet to assist taxing units in determining tax rates. The information provided in this worksheet is offered as technical assistance and not legal advice. Taxing units should consult legal counsel for interpretations of law regarding tax rate preparation and adoption.

SECTION 1: No-New-Revenue Tax Rate

The NNR tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of taxes (no new taxes) if applied to the same properties that are taxed in both years. When appraisal values increase, the NNR tax rate should decrease.

The NNR tax rate for a county is the sum of the NNR tax rates calculated for each type of tax the county levies.

While uncommon, it is possible for a taxing unit to provide an exemption for only maintenance and operations taxes. In this case, the taxing unit will need to calculate the NNR tax rate separately for the maintenance and operations tax and the debt tax, then add the two components together.

Line	No-New-Revenue Tax Rate Worksheet	Amount/Rate
1.	Prior year total taxable value. Enter the amount of the prior year taxable value on the prior year tax roll today. Include any adjustments since last year's certification; exclude Tax Code Section 25.25(d) one-fourth and one-third over-appraisal corrections from these adjustments. Exclude any property value subject to an appeal under Chapter 42 as of July 25 (will add undisputed value in Line 6). This total includes the taxable value of homesteads with tax ceilings (will deduct in Line 2) and the captured value for tax increment financing (adjustment is made by deducting TIF taxes, as reflected in Line 17). ¹	\$ 12,900,355,257
2.	Prior year tax ceilings. Counties, cities and junior college districts. Enter the prior year total taxable value of homesteads with tax ceilings. These include the homesteads of homeowners age 65 or older or disabled. Other taxing units enter 0. If your taxing unit adopted the tax ceiling provision last year or a prior year for homeowners age 65 or older or disabled, use this step. ²	\$ 1,553,301,909
3.	Preliminary prior year adjusted taxable value. Subtract Line 2 from Line 1.	\$ 11,347,053,348
4.	Prior year total adopted tax rate.	\$ 0.004039 /\$100
5.	Prior year taxable value lost because court appeals of ARB decisions reduced the prior year's appraised value. <div style="margin-left: 20px;"> A. Original prior year ARB values: \$ 346,959,475 B. Prior year values resulting from final court decisions: - \$ 324,606,210 C. Prior year value loss. Subtract B from A.³ </div>	\$ 22,353,265
6.	Prior year taxable value subject to an appeal under Chapter 42, as of July 25. <div style="margin-left: 20px;"> A. Prior year ARB certified value: \$ 654,553,031 B. Prior year disputed value: - \$ 185,669,522 C. Prior year undisputed value. Subtract B from A. ⁴ </div>	\$ 468,883,509
7.	Prior year Chapter 42 related adjusted values. Add Line 5C and Line 6C.	\$ 491,236,774

Line	No-New-Revenue Tax Rate Worksheet	Amount/Rate
8.	Prior year taxable value, adjusted for actual and potential court-ordered adjustments. Add Line 3 and Line 7.	\$ 11,838,290,122
9.	Prior year taxable value of property in territory the taxing unit deannexed after Jan. 1, 2024. Enter the prior year value of property in deannexed territory. ⁵	\$ 0
10.	Prior year taxable value lost because property first qualified for an exemption in the current year. If the taxing unit increased an original exemption, use the difference between the original exempted amount and the increased exempted amount. Do not include value lost due to freepport, goods-in-transit, temporary disaster exemptions. Note that lowering the amount or percentage of an existing exemption in the current year does not create a new exemption or reduce taxable value. A. Absolute exemptions. Use prior year market value: \$ 17,472,070 B. Partial exemptions. Current year exemption amount or current year percentage exemption times prior year value: + \$ 34,893,947 C. Value loss. Add A and B. ⁶	\$ 52,366,017
11.	Prior year taxable value lost because property first qualified for agricultural appraisal (1-d or 1-d-1), timber appraisal, recreational/scenic appraisal or public access airport special appraisal in the current year. Use only properties that qualified for the first time in the current year; do not use properties that qualified in the prior year. A. Prior year market value: \$ 5,254,337 B. Current year productivity or special appraised value: - \$ 247,700 C. Value loss. Subtract B from A. ⁷	\$ 5,006,637
12.	Total adjustments for lost value. Add Lines 9, 10C and 11C.	\$ 57,372,654
13.	Prior year captured value of property in a TIF. Enter the total value of the prior year captured appraised value of property taxable by a taxing unit in a tax increment financing zone for which the prior year taxes were deposited into the tax increment fund. ⁸ If the taxing unit has no captured appraised value in line 18D, enter 0.	\$ 0
14.	Prior year total value. Subtract Line 12 and Line 13 from Line 8.	\$ 11,780,917,468
15.	Adjusted prior year total levy. Multiply Line 4 by Line 14 and divide by \$100.	\$ 475,831
16.	Taxes refunded for years preceding the prior tax year. Enter the amount of taxes refunded by the taxing unit for tax years preceding the prior tax year. Types of refunds include court decisions, Tax Code Section 25.25(b) and (c) corrections and Tax Code Section 31.11 payment errors. Do not include refunds for the prior tax year. This line applies only to tax years preceding the prior tax year. ⁹	\$ 4,995
17.	Adjusted prior year levy with refunds and TIF adjustment. Add Lines 15 and 16. ¹⁰	\$ 480,826
18.	Total current year taxable value on the current year certified appraisal roll today. This value includes only certified values or certified estimate of values and includes the total taxable value of homesteads with tax ceilings (will deduct in Line 20). These homesteads include homeowners age 65 or older or disabled. ¹¹ A. Certified values: \$ 14,662,464,598 B. Counties: Include railroad rolling stock values certified by the Comptroller's office: + \$ 7,884,533 C. Pollution control and energy storage system exemption: Deduct the value of property exempted for the current tax year for the first time as pollution control or energy storage system property: - \$ 0 D. Tax increment financing: Deduct the current year captured appraised value of property taxable by a taxing unit in a tax increment financing zone for which the current year taxes will be deposited into the tax increment fund. Do not include any new property value that will be included in Line 24 below. ¹² - \$ 0 E. Total current year value. Add A and B, then subtract C and D.	\$ 14,670,349,131

⁵ Tex. Tax Code §26.012(15)⁶ Tex. Tax Code §26.012(15)⁷ Tex. Tax Code §26.012(15)⁸ Tex. Tax Code §26.03(c)⁹ Tex. Tax Code §26.012(13)¹⁰ Tex. Tax Code §26.012(13)¹¹ Tex. Tax Code §26.012, 26.04(c-2)¹² Tex. Tax Code §26.03(c)

Line	No-New-Revenue Tax Rate Worksheet	Amount/Rate
19.	Total value of properties under protest or not included on certified appraisal roll. ¹³	
A.	Current year taxable value of properties under protest. The chief appraiser certifies a list of properties still under ARB protest. The list shows the appraisal district's value and the taxpayer's claimed value, if any, or an estimate of the value if the taxpayer wins. For each of the properties under protest, use the lowest of these values. Enter the total value under protest. ¹⁴ \$ <u>24,839,640</u>	
B.	Current year value of properties not under protest or included on certified appraisal roll. The chief appraiser gives taxing units a list of those taxable properties that the chief appraiser knows about but are not included in the appraisal roll certification. These properties also are not on the list of properties that are still under protest. On this list of properties, the chief appraiser includes the market value, appraised value and exemptions for the preceding year and a reasonable estimate of the market value, appraised value and exemptions for the current year. Use the lower market, appraised or taxable value (as appropriate). Enter the total value of property not on the certified roll. ¹⁵ + \$ <u>0</u>	
C.	Total value under protest or not certified. Add A and B.	\$ <u>24,839,640</u>
20.	Current year tax ceilings. Counties, cities and junior colleges enter current year total taxable value of homesteads with tax ceilings. These include the homesteads of homeowners age 65 or older or disabled. Other taxing units enter 0. If your taxing unit adopted the tax ceiling provision in the prior year or a previous year for homeowners age 65 or older or disabled, use this step. ¹⁶	\$ <u>1,773,635,395</u>
21.	Anticipated contested value. Affected taxing units enter the contested taxable value for all property that is subject to anticipated substantial litigation. ¹⁷ An affected taxing unit is wholly or partly located in a county that has a population of less than 500,000 and is located on the Gulf of Mexico. ¹⁸ If completing this section, the taxing unit must include supporting documentation in Section 9. ¹⁹ Taxing units that are not affected, enter 0.	\$ <u>0</u>
22.	Current year total taxable value. Add Lines 18E and 19C, then subtract Lines 20 and 21. ²⁰	\$ <u>12,921,553,376</u>
23.	Total current year taxable value of properties in territory annexed after Jan. 1, of the prior year. Include both real and personal property. Enter the current year value of property in territory annexed. ²¹	\$ <u>0</u>
24.	Total current year taxable value of new improvements and new personal property located in new improvements. New means the item was not on the appraisal roll in the prior year. An improvement is a building, structure, fixture or fence erected on or affixed to land. New additions to existing improvements may be included if the appraised value can be determined. New personal property in a new improvement must have been brought into the taxing unit after Jan. 1, of the prior year and be located in a new improvement. New improvements do include property on which a tax abatement agreement has expired for the current year. ²²	\$ <u>215,846,055</u>
25.	Total adjustments to the current year taxable value. Add Lines 23 and 24.	\$ <u>215,846,055</u>
26.	Adjusted current year taxable value. Subtract Line 25 from Line 22.	\$ <u>12,705,707,321</u>
27.	Current year NNR tax rate. Divide Line 17 by Line 26 and multiply by \$100. ²³	\$ <u>0.003784</u> /\$100
28.	COUNTIES ONLY. Add together the NNR tax rates for each type of tax the county levies. The total is the current year county NNR tax rate. ²⁴	\$ <u>0.279087</u> /\$100

SECTION 2: Voter Approval Tax Rate

The voter-approval tax rate is the highest tax rate that a taxing unit may adopt without holding an election to seek voter approval of the rate. The voter-approval tax rate is split into two separate rates:

- Maintenance and Operations (M&O) Tax Rate:** The M&O portion is the tax rate that is needed to raise the same amount of taxes that the taxing unit levied in the prior year plus the applicable percentage allowed by law. This rate accounts for such things as salaries, utilities and day-to-day operations.
- Debt Rate:** The debt rate includes the debt service necessary to pay the taxing unit's debt payments in the coming year. This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

The voter-approval tax rate for a county is the sum of the voter-approval tax rates calculated for each type of tax the county levies. In most cases the voter-approval tax rate exceeds the no-new-revenue tax rate, but occasionally decreases in a taxing unit's debt service will cause the NNR tax rate to be higher than the voter-approval tax rate.

D42.	Disaster Line 42 (D42): Current year voter-approval M&O rate for taxing unit affected by disaster declaration. If the taxing unit is located in an area declared a disaster area and at least one person is granted an exemption under Tax Code Section 11.35 for property located in the taxing unit, the governing body may direct the person calculating the voter-approval tax rate to calculate in the manner provided for a special taxing unit. The taxing unit shall continue to calculate the voter-approval tax rate in this manner until the earlier of: 1) the first year in which total taxable value on the certified appraisal roll exceeds the total taxable value of the tax year in which the disaster occurred; or 2) the third tax year after the tax year in which the disaster occurred. If the taxing unit qualifies under this scenario, multiply Line 41C by 1.08. ³⁰ If the taxing unit does not qualify, do not complete Disaster Line 42 (Line D42).	\$ 0.000000 /\$100
43.	Total current year debt to be paid with property taxes and additional sales tax revenue. Debt means the interest and principal that will be paid on debts that: (1) are paid by property taxes; (2) are secured by property taxes; (3) are scheduled for payment over a period longer than one year; and (4) are not classified in the taxing unit's budget as M&O expenses. A. Debt also includes contractual payments to other taxing units that have incurred debts on behalf of this taxing unit, if those debts meet the four conditions above. Include only amounts that will be paid from property tax revenue. Do not include appraisal district budget payments. If the governing body of a taxing unit authorized or agreed to authorize a bond, warrant, certificate of obligation, or other evidence of indebtedness on or after Sept. 1, 2021, verify if it meets the amended definition of debt before including it here. ³¹ Enter debt amount \$ 0 B. Subtract unencumbered fund amount used to reduce total debt. - \$ 0 C. Subtract certified amount spent from sales tax to reduce debt (enter zero if none) - \$ 0 D. Subtract amount paid from other resources - \$ 0 E. Adjusted debt. Subtract B, C and D from A.	\$ 0
44.	Certified prior year excess debt collections. Enter the amount certified by the collector. ³²	\$ 0
45.	Adjusted current year debt. Subtract Line 44 from Line 43E.	\$ 0
46.	Current year anticipated collection rate. A. Enter the current year anticipated collection rate certified by the collector. ³³ 97.51 % B. Enter the prior year actual collection rate. 97.51 % C. Enter the 2023 actual collection rate. 97.52 % D. Enter the 2022 actual collection rate. 98.29 % E. If the anticipated collection rate in A is lower than actual collection rates in B, C and D, enter the lowest collection rate from B, C and D. If the anticipated rate in A is higher than at least one of the rates in the prior three years, enter the rate from A. Note that the rate can be greater than 100%. ³⁴	97.51 %
47.	Current year debt adjusted for collections. Divide Line 45 by Line 46E.	\$ 0
48.	Current year total taxable value. Enter the amount on Line 22 of the <i>No-New-Revenue Tax Rate Worksheet</i> .	\$ 12,921,553,376

51.	COUNTIES ONLY. Add together the voter-approval tax rates for each type of tax the county levies. The total is the current year county voter-approval tax rate.	\$ <u>0.457219</u> /\$100

SECTION 3: NNR Tax Rate and Voter Approval Tax Rate Adjustments for Additional Sales Tax to Reduce Property Taxes

Cities, counties and hospital districts may levy a sales tax specifically to reduce property taxes. Local voters by election must approve imposing or abolishing the additional sales tax. If approved, the taxing unit must reduce its NNR and voter-approval tax rates to offset the expected sales tax revenue.

This section should only be completed by a county, city or hospital district that is required to adjust its NNR tax rate and/or voter-approval tax rate because it adopted the additional sales tax.

Line	Additional Sales and Use Tax Worksheet	Amount/Rate
52.	Taxable Sales. For taxing units that adopted the sales tax in November of the prior tax year or May of the current tax year, enter the Comptroller's estimate of taxable sales for the previous four quarters. ³⁵ Estimates of taxable sales may be obtained through the Comptroller's Allocation Historical Summary webpage. Taxing units that adopted the sales tax before November of the prior year, enter 0.	\$ <u>0</u>
53.	Estimated sales tax revenue. Counties exclude any amount that is or will be spent for economic development grants from the amount of estimated sales tax revenue. ³⁶ Taxing units that adopted the sales tax in November of the prior tax year or in May of the current tax year. Multiply the amount on Line 52 by the sales tax rate (.01, .005 or .0025, as applicable) and multiply the result by .95. ³⁷ - or - Taxing units that adopted the sales tax before November of the prior year. Enter the sales tax revenue for the previous four quarters. Do not multiply by .95.	\$ <u>20,589,328</u>

55.	Sales tax adjustment rate. Divide Line 53 by Line 54 and multiply by \$100.	\$ <u>0.158976</u> /\$100
56.	Current year NNR tax rate, unadjusted for sales tax. ³⁸ Enter the rate from Line 27 or 28, as applicable, on the <i>No-New-Revenue Tax Rate Worksheet</i> .	\$ <u>0.279087</u> /\$100
57.	Current year NNR tax rate, adjusted for sales tax. Taxing units that adopted the sales tax in November the prior tax year or in May of the current tax year. Subtract Line 55 from Line 56. Skip to Line 58 if you adopted the additional sales tax before November of the prior tax year.	\$ <u>0.279087</u> /\$100
58.	Current year voter-approval tax rate, unadjusted for sales tax. ³⁹ Enter the rate from Line 50, Line D50 (disaster) or Line 51 (counties) as applicable, of the <i>Voter-Approval Tax Rate Worksheet</i> .	\$ <u>0.457219</u> /\$100
59.	Current year voter-approval tax rate, adjusted for sales tax. Subtract Line 55 from Line 58.	\$ <u>0.298243</u> /\$100

SECTION 4: Voter Approval Tax Rate Adjustment for Pollution Control

A taxing unit may raise its rate for M&O funds used to pay for a facility, device or method for the control of air, water or land pollution. This includes any land, structure, building, installation, excavation, machinery, equipment or device that is used, constructed, acquired or installed wholly or partly to meet or exceed pollution control requirements. The taxing unit's expenses are those necessary to meet the requirements of a permit issued by the Texas Commission on Environmental Quality (TCEQ). The taxing unit must provide the tax assessor with a copy of the TCEQ letter of determination that states the portion of the cost of the installation for pollution control.

This section should only be completed by a taxing unit that uses M&O funds to pay for a facility, device or method for the control of air, water or land pollution.

SECTION 5: Voter Approval Tax Rate Adjustment for Unused Increment Rate

The unused increment rate is the rate equal to the sum of the prior 3 years Foregone Revenue Amounts divided by the current taxable value.⁴² The Foregone Revenue Amount for each year is equal to that year's adopted tax rate subtracted from that year's voter-approval tax rate adjusted to remove the unused increment rate multiplied by that year's current total value.⁴³

The difference between the adopted tax rate and adjusted voter-approval tax rate is considered zero in the following scenarios:

- a tax year in which a taxing unit affected by a disaster declaration calculates the tax rate under Tax Code Section 26.042;⁴⁴
- a tax year in which the municipality is a defunding municipality, as defined by Tax Code Section 26.0501(a);⁴⁵ or
- after Jan. 1, 2022, a tax year in which the comptroller determines that the county implemented a budget reduction or reallocation described by Local Government Code Section 120.002(a) without the required voter approval.⁴⁶

This section should only be completed by a taxing unit that does not meet the definition of a special taxing unit.⁴⁷

SECTION 6: De Minimis Rate

The de minimis rate is the rate equal to the sum of the no-new-revenue maintenance and operations rate, the rate that will raise \$500,000, and the current debt rate for a taxing unit.⁴⁸ This section should only be completed by a taxing unit that is a municipality of less than 30,000 or a taxing unit that does not meet the definition of a special taxing unit.⁴⁹

Line	De Minimis Rate Worksheet	Amount/Rate
70.	Adjusted current year NNR M&O tax rate. Enter the rate from Line 40 of the <i>Voter-Approval Tax Rate Worksheet</i> .	\$ 0.272780 /\$100

74.	De minimis rate. Add Lines 70, 72 and 73.	\$ 0.286728 /\$100

SECTION 7: Voter Approval Tax Rate Adjustment for Emergency Revenue Rate

In the tax year after the end of the disaster calculation time period detailed in Tax Code Section 26.042(a), a taxing unit that calculated its voter-approval tax rate in the manner provided for a special taxing unit due to a disaster must calculate its emergency revenue rate and reduce its voter-approval tax rate for that year.⁵⁰

Similarly, if a taxing unit adopted a tax rate that exceeded its voter-approval tax rate, calculated normally, without holding an election to respond to a disaster, as allowed by Tax Code Section 26.042(d), in the prior year, it must also reduce its voter-approval tax rate for the current tax year.⁵¹

This section will apply to a taxing unit other than a special taxing unit that:

- directed the designated officer or employee to calculate the voter-approval tax rate of the taxing unit in the manner provided for a special taxing unit in the prior year; and
- the current year is the first tax year in which the total taxable value of property taxable by the taxing unit as shown on the appraisal roll for the taxing unit submitted by the assessor for the taxing unit to the governing body exceeds the total taxable value of property taxable by the taxing unit on January 1 of the tax year in which the disaster occurred or the disaster occurred four years ago. This section will apply to a taxing unit in a disaster area that adopted a tax rate greater than its voter-approval tax rate without holding an election in the prior year.

Note: This section does not apply if a taxing unit is continuing to calculate its voter-approval tax rate in the manner provided for a special taxing unit because it is still within the disaster calculation time period detailed in Tax Code Section 26.042(a) because it has not met the conditions in Tax Code Section 26.042(a)(1) or (2).

Line	Emergency Revenue Rate Worksheet	Amount/Rate
75.	2024 adopted tax rate. Enter the rate in Line 4 of the <i>No-New-Revenue Tax Rate Worksheet</i> .	\$ 0.298066 /\$100
76.	Adjusted 2024 voter-approval tax rate. Use the taxing unit's Tax Rate Calculation Worksheets from the prior year(s) to complete this line. ⁵² If a disaster occurred in 2024 and the taxing unit calculated its 2024 voter-approval tax rate using a multiplier of 1.08 on Disaster Line 41 (D41) of the 2024 worksheet due to a disaster, complete the applicable sections or lines of <i>Form 50-856-a, Adjusted Voter-Approval Tax Rate for Taxing Units in Disaster Area Calculation Worksheet</i> . - or - If a disaster occurred prior to 2024 for which the taxing unit continued to calculate its voter-approval tax rate using a multiplier of 1.08 on Disaster Line 41 (D41) in 2024, complete form 50-856-a, <i>Adjusted Voter-Approval Tax Rate for Taxing Units in Disaster Area Calculation Worksheet</i> to recalculate the voter-approval tax rate the taxing unit would have calculated in 2024 if it had generated revenue based on an adopted tax rate using a multiplier of 1.035 in the years following the disaster. ⁵³ Enter the final adjusted 2024 voter-approval tax rate from the worksheet. - or - If the taxing unit adopted a tax rate above the 2024 voter-approval tax rate without calculating a disaster tax rate or holding an election due to a disaster, no recalculation is necessary. Enter the voter-approval tax rate from the prior year's worksheet.	\$ 0.000000 /\$100
77.	Increase in 2024 tax rate due to disaster. Subtract Line 76 from Line 75.	\$ 0.000000 /\$100

Taxing Unit's Website Address

GENERAL INFORMATION: Tax Code Section 26.04(c) requires an officer or employee designated by the governing body to calculate the no-new-revenue (NNR) tax rate and voter-approval tax rate for the taxing unit. These tax rates are expressed in dollars per \$100 of taxable value calculated. The calculation process starts after the chief appraiser delivers to the taxing unit the certified appraisal roll and the estimated values of properties under protest. The designated officer or employee shall certify that the officer or employee has accurately calculated the tax rates and used values shown for the certified appraisal roll or certified estimate. The officer or employee submits the rates to the governing body by Aug. 7 or as soon thereafter as practicable.

School districts do not use this form, but instead use Comptroller Form 50-859 *Tax Rate Calculation Worksheet, School District without Chapter 313 Agreements* or Comptroller Form 50-884 *Tax Rate Calculation Worksheet, School District with Chapter 313 Agreements*.

Water districts as defined under Water Code Section 49.001(1) do not use this form, but instead use Comptroller Form 50-858 *Water District Voter-Approval Tax Rate Worksheet for Low Tax Rate and Developing Districts* or Comptroller Form 50-860 *Developed Water District Voter-Approval Tax Rate Worksheet*.

The Comptroller's office provides this worksheet to assist taxing units in determining tax rates. The information provided in this worksheet is offered as technical assistance and not legal advice. Taxing units should consult legal counsel for interpretations of law regarding tax rate preparation and adoption.

SECTION 1: No-New-Revenue Tax Rate

The NNR tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of taxes (no new taxes) if applied to the same properties that are taxed in both years. When appraisal values increase, the NNR tax rate should decrease.

The NNR tax rate for a county is the sum of the NNR tax rates calculated for each type of tax the county levies.

While uncommon, it is possible for a taxing unit to provide an exemption for only maintenance and operations taxes. In this case, the taxing unit will need to calculate the NNR tax rate separately for the maintenance and operations tax and the debt tax, then add the two components together.

Line	No-New-Revenue Tax Rate Worksheet	Amount/Rate
1.	Prior year total taxable value. Enter the amount of the prior year taxable value on the prior year tax roll today. Include any adjustments since last year's certification; exclude Tax Code Section 25.25(d) one-fourth and one-third over-appraisal corrections from these adjustments. Exclude any property value subject to an appeal under Chapter 42 as of July 25 (will add undisputed value in Line 6). This total includes the taxable value of homesteads with tax ceilings (will deduct in Line 2) and the captured value for tax increment financing (adjustment is made by deducting TIF taxes, as reflected in Line 17). ¹	\$ 12,939,527,426
2.	Prior year tax ceilings. Counties, cities and junior college districts. Enter the prior year total taxable value of homesteads with tax ceilings. These include the homesteads of homeowners age 65 or older or disabled. Other taxing units enter 0. If your taxing unit adopted the tax ceiling provision last year or a prior year for homeowners age 65 or older or disabled, use this step. ²	\$ 1,553,840,970

Line	No-New-Revenue Tax Rate Worksheet	Amount/Rate
19.	Total value of properties under protest or not included on certified appraisal roll. ¹³	
A.	Current year taxable value of properties under protest. The chief appraiser certifies a list of properties still under ARB protest. The list shows the appraisal district's value and the taxpayer's claimed value, if any, or an estimate of the value if the taxpayer wins. For each of the properties under protest, use the lowest of these values. Enter the total value under protest. ¹⁴ \$ 24,839,640	
B.	Current year value of properties not under protest or included on certified appraisal roll. The chief appraiser gives taxing units a list of those taxable properties that the chief appraiser knows about but are not included in the appraisal roll certification. These properties also are not on the list of properties that are still under protest. On this list of properties, the chief appraiser includes the market value, appraised value and exemptions for the preceding year and a reasonable estimate of the market value, appraised value and exemptions for the current year. Use the lower market, appraised or taxable value (as appropriate). Enter the total value of property not on the certified roll. ¹⁵ + \$ 0	
C.	Total value under protest or not certified. Add A and B.	\$ 24,839,640
20.	Current year tax ceilings. Counties, cities and junior colleges enter current year total taxable value of homesteads with tax ceilings. These include the homesteads of homeowners age 65 or older or disabled. Other taxing units enter 0. If your taxing unit adopted the tax ceiling provision in the prior year or a previous year for homeowners age 65 or older or disabled, use this step. ¹⁶	\$ 1,773,863,310
21.	Anticipated contested value. Affected taxing units enter the contested taxable value for all property that is subject to anticipated substantial litigation. ¹⁷ An affected taxing unit is wholly or partly located in a county that has a population of less than 500,000 and is located on the Gulf of Mexico. ¹⁸ If completing this section, the taxing unit must include supporting documentation in Section 9. ¹⁹ Taxing units that are not affected, enter 0.	\$ 0
22.	Current year total taxable value. Add Lines 18E and 19C, then subtract Lines 20 and 21. ²⁰	\$ 12,951,177,759
23.	Total current year taxable value of properties in territory annexed after Jan. 1, of the prior year. Include both real and personal property. Enter the current year value of property in territory annexed. ²¹	\$ 0
24.	Total current year taxable value of new improvements and new personal property located in new improvements. New means the item was not on the appraisal roll in the prior year. An improvement is a building, structure, fixture or fence erected on or affixed to land. New additions to existing improvements may be included if the appraised value can be determined. New personal property in a new improvement must have been brought into the taxing unit after Jan. 1, of the prior year and be located in a new improvement. New improvements do include property on which a tax abatement agreement has expired for the current year. ²²	\$ 215,902,684
25.	Total adjustments to the current year taxable value. Add Lines 23 and 24.	\$ 215,902,684
26.	Adjusted current year taxable value. Subtract Line 25 from Line 22.	\$ 12,735,275,075
27.	Current year NNR tax rate. Divide Line 17 by Line 26 and multiply by \$100. ²³	\$ 0.251985 /\$100
28.	COUNTIES ONLY. Add together the NNR tax rates for each type of tax the county levies. The total is the current year county NNR tax rate. ²⁴	\$ 0.279087 /\$100

SECTION 2: Voter Approval Tax Rate

The voter-approval tax rate is the highest tax rate that a taxing unit may adopt without holding an election to seek voter approval of the rate. The voter-approval tax rate is split into two separate rates:

- Maintenance and Operations (M&O) Tax Rate:** The M&O portion is the tax rate that is needed to raise the same amount of taxes that the taxing unit levied in the prior year plus the applicable percentage allowed by law. This rate accounts for such things as salaries, utilities and day-to-day operations.
- Debt Rate:** The debt rate includes the debt service necessary to pay the taxing unit's debt payments in the coming year. This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

The voter-approval tax rate for a county is the sum of the voter-approval tax rates calculated for each type of tax the county levies. In most cases the voter-approval tax rate exceeds the no-new-revenue tax rate, but occasionally decreases in a taxing unit's debt service will cause the NNR tax rate to be higher than the voter-approval tax rate.

SECTION 3: NNR Tax Rate and Voter Approval Tax Rate Adjustments for Additional Sales Tax to Reduce Property Taxes

Cities, counties and hospital districts may levy a sales tax specifically to reduce property taxes. Local voters by election must approve imposing or abolishing the additional sales tax. If approved, the taxing unit must reduce its NNR and voter-approval tax rates to offset the expected sales tax revenue.

This section should only be completed by a county, city or hospital district that is required to adjust its NNR tax rate and/or voter-approval tax rate because it adopted the additional sales tax.

Line	Additional Sales and Use Tax Worksheet	Amount/Rate
52.	Taxable Sales. For taxing units that adopted the sales tax in November of the prior tax year or May of the current tax year, enter the Comptroller's estimate of taxable sales for the previous four quarters. ³⁵ Estimates of taxable sales may be obtained through the Comptroller's Allocation Historical Summary webpage. Taxing units that adopted the sales tax before November of the prior year, enter 0.	\$ 0

59.	Current year voter-approval tax rate, adjusted for sales tax. Subtract Line 55 from Line 58.	\$ 0.298243 /\$100

SECTION 4: Voter Approval Tax Rate Adjustment for Pollution Control

A taxing unit may raise its rate for M&O funds used to pay for a facility, device or method for the control of air, water or land pollution. This includes any land, structure, building, installation, excavation, machinery, equipment or device that is used, constructed, acquired or installed wholly or partly to meet or exceed pollution control requirements. The taxing unit's expenses are those necessary to meet the requirements of a permit issued by the Texas Commission on Environmental Quality (TCEQ). The taxing unit must provide the tax assessor with a copy of the TCEQ letter of determination that states the portion of the cost of the installation for pollution control.

This section should only be completed by a taxing unit that uses M&O funds to pay for a facility, device or method for the control of air, water or land pollution.

63.	Current year voter-approval tax rate, adjusted for pollution control. Add Line 62 to one of the following lines (as applicable): Line 50, Line D50 (disaster), Line 51 (counties) or Line 59 (taxing units with the additional sales tax).	\$ <u>0.298243</u> /\$100

SECTION 5: Voter Approval Tax Rate Adjustment for Unused Increment Rate

The unused increment rate is the rate equal to the sum of the prior 3 years Foregone Revenue Amounts divided by the current taxable value.⁴² The Foregone Revenue Amount for each year is equal to that year's adopted tax rate subtracted from that year's voter-approval tax rate adjusted to remove the unused increment rate multiplied by that year's current total value.⁴³

The difference between the adopted tax rate and adjusted voter-approval tax rate is considered zero in the following scenarios:

- a tax year in which a taxing unit affected by a disaster declaration calculates the tax rate under Tax Code Section 26.042;⁴⁴
- a tax year in which the municipality is a defunding municipality, as defined by Tax Code Section 26.0501(a);⁴⁵ or
- after Jan. 1, 2022, a tax year in which the comptroller determines that the county implemented a budget reduction or reallocation described by Local Government Code Section 120.002(a) without the required voter approval.⁴⁶

This section should only be completed by a taxing unit that does not meet the definition of a special taxing unit.⁴⁷

SECTION 6: De Minimis Rate

The de minimis rate is the rate equal to the sum of the no-new-revenue maintenance and operations rate, the rate that will raise \$500,000, and the current debt rate for a taxing unit.⁴⁸ This section should only be completed by a taxing unit that is a municipality of less than 30,000 or a taxing unit that does not meet the definition of a special taxing unit.⁴⁹

Line	De Minimis Rate Worksheet	Amount/Rate
70.	Adjusted current year NNR M&O tax rate. Enter the rate from Line 40 of the <i>Voter-Approval Tax Rate Worksheet</i> .	\$ 0.272780 /\$100
71.	Current year total taxable value. Enter the amount on Line 22 of the <i>No-New-Revenue Tax Rate Worksheet</i> .	\$ 12,951,177,759
72.	Rate necessary to impose \$500,000 in taxes. Divide \$500,000 by Line 71 and multiply by \$100.	\$ 0.003860 /\$100
73.	Current year debt rate. Enter the rate from Line 49 of the <i>Voter-Approval Tax Rate Worksheet</i> .	\$ 0.010088 /\$100
74.	De minimis rate. Add Lines 70, 72 and 73.	\$ 0.286728 /\$100

SECTION 7: Voter Approval Tax Rate Adjustment for Emergency Revenue Rate

In the tax year after the end of the disaster calculation time period detailed in Tax Code Section 26.042(a), a taxing unit that calculated its voter-approval tax rate in the manner provided for a special taxing unit due to a disaster must calculate its emergency revenue rate and reduce its voter-approval tax rate for that year.⁵⁰

Similarly, if a taxing unit adopted a tax rate that exceeded its voter-approval tax rate, calculated normally, without holding an election to respond to a disaster, as allowed by Tax Code Section 26.042(d), in the prior year, it must also reduce its voter-approval tax rate for the current tax year.⁵¹

This section will apply to a taxing unit other than a special taxing unit that:

- directed the designated officer or employee to calculate the voter-approval tax rate of the taxing unit in the manner provided for a special taxing unit in the prior year; and
- the current year is the first tax year in which the total taxable value of property taxable by the taxing unit as shown on the appraisal roll for the taxing unit submitted by the assessor for the taxing unit to the governing body exceeds the total taxable value of property taxable by the taxing unit on January 1 of the tax year in which the disaster occurred or the disaster occurred four years ago. This section will apply to a taxing unit in a disaster area that adopted a tax rate greater than its voter-approval tax rate without holding an election in the prior year.

Note: This section does not apply if a taxing unit is continuing to calculate its voter-approval tax rate in the manner provided for a special taxing unit because it is still within the disaster calculation time period detailed in Tax Code Section 26.042(a) because it has not met the conditions in Tax Code Section 26.042(a)(1) or (2).

Line	Emergency Revenue Rate Worksheet	Amount/Rate
75.	2024 adopted tax rate. Enter the rate in Line 4 of the <i>No-New-Revenue Tax Rate Worksheet</i> .	\$ 0.298066 /\$100
76.	Adjusted 2024 voter-approval tax rate. Use the taxing unit's Tax Rate Calculation Worksheets from the prior year(s) to complete this line. ⁵² If a disaster occurred in 2024 and the taxing unit calculated its 2024 voter-approval tax rate using a multiplier of 1.08 on Disaster Line 41 (D41) of the 2024 worksheet due to a disaster, complete the applicable sections or lines of <i>Form 50-856-a, Adjusted Voter-Approval Tax Rate for Taxing Units in Disaster Area Calculation Worksheet</i> . - or - If a disaster occurred prior to 2024 for which the taxing unit continued to calculate its voter-approval tax rate using a multiplier of 1.08 on Disaster Line 41 (D41) in 2024, complete form 50-856-a, <i>Adjusted Voter-Approval Tax Rate for Taxing Units in Disaster Area Calculation Worksheet</i> to recalculate the voter-approval tax rate the taxing unit would have calculated in 2024 if it had generated revenue based on an adopted tax rate using a multiplier of 1.035 in the years following the disaster. ⁵³ Enter the final adjusted 2024 voter-approval tax rate from the worksheet. - or - If the taxing unit adopted a tax rate above the 2024 voter-approval tax rate without calculating a disaster tax rate or holding an election due to a disaster, no recalculation is necessary. Enter the voter-approval tax rate from the prior year's worksheet.	\$ 0.000000 /\$100
77.	Increase in 2024 tax rate due to disaster. Subtract Line 76 from Line 75.	\$ 0.000000 /\$100

SECTION 8: Total Tax Rate

Indicate the applicable total tax rates as calculated above.

No-new-revenue tax rate. \$ 0.279087 /\$100

As applicable, enter the current year NNR tax rate from: Line 27, Line 28 (counties), or Line 57 (adjusted for sales tax).

Indicate the line number used: 28

Voter-approval tax rate. \$ 0.304331 /\$100

As applicable, enter the current year voter-approval tax rate from: Line 50, Line D50 (disaster), Line 51 (counties), Line 59 (adjusted for sales tax), Line 63 (adjusted for pollution control), Line 69 (adjusted for unused increment), or Line 82 (adjusted for emergency revenue).

Indicate the line number used: 69

De minimis rate. \$ 0.286728 /\$100

If applicable, enter the current year de minimis rate from Line 74.

SECTION 9: Addendum

An affected taxing unit that enters an amount described by Tax Code Section 26.012(6)(C) in line 21 must include the following as an addendum:

1. Documentation that supports the exclusion of value under Tax Code Section 26.012(6)(C); and
2. Each statement submitted to the designated officer or employee by the property owner or entity as required by Tax Code Section 41.48(c)(2) for that tax year.

Insert hyperlinks to supporting documentation:

SECTION 10: Taxing Unit Representative Name and Signature

Enter the name of the person preparing the tax rate as authorized by the governing body of the taxing unit. By signing below, you certify that you are the designated officer or employee of the taxing unit and have accurately calculated the tax rates using values that are the same as the values shown in the taxing unit's certified appraisal roll or certified estimate of taxable value, in accordance with requirements in the Tax Code.⁵⁴

Taxing Units Other Than School Districts or Water Districts

Form 50-856

Gregg County	Special Road and Bridge	903-237-2552
Taxing Unit Name		Phone (area code and number)
101 E. Methvin, Longview, Texas 75601		www.co.gregg.tx.us
Taxing Unit's Address, City, State, ZIP Code		Taxing Unit's Website Address

GENERAL INFORMATION: Tax Code Section 26.04(c) requires an officer or employee designated by the governing body to calculate the no-new-revenue (NNR) tax rate and voter-approval tax rate for the taxing unit. These tax rates are expressed in dollars per \$100 of taxable value calculated. The calculation process starts after the chief appraiser delivers to the taxing unit the certified appraisal roll and the estimated values of properties under protest. The designated officer or employee shall certify that the officer or employee has accurately calculated the tax rates and used values shown for the certified appraisal roll or certified estimate. The officer or employee submits the rates to the governing body by Aug. 7 or as soon thereafter as practicable.

School districts do not use this form, but instead use Comptroller Form 50-859 *Tax Rate Calculation Worksheet, School District without Chapter 313 Agreements* or Comptroller Form 50-884 *Tax Rate Calculation Worksheet, School District with Chapter 313 Agreements*.

Water districts as defined under Water Code Section 49.001(1) do not use this form, but instead use Comptroller Form 50-858 *Water District Voter-Approval Tax Rate Worksheet for Low Tax Rate and Developing Districts* or Comptroller Form 50-860 *Developed Water District Voter-Approval Tax Rate Worksheet*.

The Comptroller's office provides this worksheet to assist taxing units in determining tax rates. The information provided in this worksheet is offered as technical assistance and not legal advice. Taxing units should consult legal counsel for interpretations of law regarding tax rate preparation and adoption.

SECTION 1: No-New-Revenue Tax Rate

The NNR tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of taxes (no new taxes) if applied to the same properties that are taxed in both years. When appraisal values increase, the NNR tax rate should decrease.

The NNR tax rate for a county is the sum of the NNR tax rates calculated for each type of tax the county levies.

While uncommon, it is possible for a taxing unit to provide an exemption for only maintenance and operations taxes. In this case, the taxing unit will need to calculate the NNR tax rate separately for the maintenance and operations tax and the debt tax, then add the two components together.

Line	No-New-Revenue Tax Rate Worksheet	Amount/Rate
1.	Prior year total taxable value. Enter the amount of the prior year taxable value on the prior year tax roll today. Include any adjustments since last year's certification; exclude Tax Code Section 25.25(d) one-fourth and one-third over-appraisal corrections from these adjustments. Exclude any property value subject to an appeal under Chapter 42 as of July 25 (will add undisputed value in Line 6). This total includes the taxable value of homesteads with tax ceilings (will deduct in Line 2) and the captured value for tax increment financing (adjustment is made by deducting TIF taxes, as reflected in Line 17). ¹	\$ 12,939,527,426
2.	Prior year tax ceilings. Counties, cities and junior college districts. Enter the prior year total taxable value of homesteads with tax ceilings. These include the homesteads of homeowners age 65 or older or disabled. Other taxing units enter 0. If your taxing unit adopted the tax ceiling provision last year or a prior year for homeowners age 65 or older or disabled, use this step. ²	\$ 1,553,840,970
3.	Preliminary prior year adjusted taxable value. Subtract Line 2 from Line 1.	\$ 11,385,686,456
4.	Prior year total adopted tax rate.	\$ 0.025142 /\$100
5.	Prior year taxable value lost because court appeals of ARB decisions reduced the prior year's appraised value. <div style="margin-left: 20px;"> A. Original prior year ARB values: \$ 346,959,475 B. 19.	Total value of properties under protest or not included on certified appraisal roll. ¹³	
	A. Current year taxable value of properties under protest. The chief appraiser certifies a list of properties still under ARB protest. The list shows the appraisal district's value and the taxpayer's claimed value, if any, or an estimate of the value if the taxpayer wins. For each of the properties under protest, use the lowest of these values. Enter the total value under protest. ¹⁴	\$ 24,839,640
	B. Current year value of properties not under protest or included on certified appraisal roll. The chief appraiser gives taxing units a list of those taxable properties that the chief appraiser knows about but are not included in the appraisal roll certification. These properties also are not on the list of properties that are still under protest. On this list of properties, the chief appraiser includes the market value, appraised value and exemptions for the preceding year and a reasonable estimate of the market value, appraised value and exemptions for the current year. Use the lower market, appraised or taxable value (as appropriate). Enter the total value of property not on the certified roll. ¹⁵	+ \$ 0
	C. Total value under protest or not certified. Add A and B.	\$ 24,839,640
20.	Current year tax ceilings. Counties, cities and junior colleges enter current year total taxable value of homesteads with tax ceilings. These include the homesteads of homeowners age 65 or older or disabled. Other taxing units enter 0. If your taxing unit adopted the tax ceiling provision in the prior year or a previous year for homeowners age 65 or older or disabled, use this step. ¹⁶	\$ 1,773,863,310
21.	Anticipated contested value. Affected taxing units enter the contested taxable value for all property that is subject to anticipated substantial litigation. ¹⁷ An affected taxing unit is wholly or partly located in a county that has a population of less than 500,000 and is located on the Gulf of Mexico. ¹⁸ If completing this section, the taxing unit must include supporting documentation in Section 9. ¹⁹ Taxing units that are not affected, enter 0.	\$ 0
22.	Current year total taxable value. Add Lines 18E and 19C, then subtract Lines 20 and 21. ²⁰	\$ 12,959,268,611
23.	Total current year taxable value of properties in territory annexed after Jan. 1, of the prior year. Include both real and personal property. Enter the current year value of property in territory annexed. ²¹	\$ 0
24.	Total current year taxable value of new improvements and new personal property located in new improvements. New means the item was not on the appraisal roll in the prior year. An improvement is a building, structure, fixture or fence erected on or affixed to land. New additions to existing improvements may be included if the appraised value can be determined. New personal property in a new improvement must have been brought into the taxing unit after Jan. 1, of the prior year and be located in a new improvement. New improvements do include property on which a tax abatement agreement has expired for the current year. ²²	\$ 215,902,684
25.	Total adjustments to the current year taxable value. Add Lines 23 and 24.	\$ 215,902,684
26.	Adjusted current year taxable value. Subtract Line 25 from Line 22.	\$ 12,743,365,927
27.	Current year NNR tax rate. Divide Line 17 by Line 26 and multiply by \$100. ²³	\$ 0.023318 /\$100
28.	COUNTIES ONLY. Add together the NNR tax rates for each type of tax the county levies. The total is the current year county NNR tax rate. ²⁴	\$ 0.279087 /\$100

SECTION 2: Voter Approval Tax Rate

The voter-approval tax rate is the highest tax rate that a taxing unit may adopt without holding an election to seek voter approval of the rate. The voter-approval tax rate is split into two separate rates:

- Maintenance and Operations (M&O) Tax Rate:** The M&O portion is the tax rate that is needed to raise the same amount of taxes that the taxing unit levied in the prior year plus the applicable percentage allowed by law. This rate accounts for such things as salaries, utilities and day-to-day operations.
- Debt Rate:** The debt rate includes the debt service necessary to pay the taxing unit's debt payments in the coming year. This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

The voter-approval tax rate for a county is the sum of the voter-approval tax rates calculated for each type of tax the county levies. In most cases the voter-approval tax rate exceeds the no-new-revenue tax rate, but occasionally decreases in a taxing unit's debt service will cause the NNR tax rate to be higher than the voter-approval tax rate.

SECTION 3: NNR Tax Rate and Voter Approval Tax Rate Adjustments for Additional Sales Tax to Reduce Property Taxes

Cities, counties and hospital districts may levy a sales tax specifically to reduce property taxes. Local voters by election must approve imposing or abolishing the additional sales tax. If approved, the taxing unit must reduce its NNR and voter-approval tax rates to offset the expected sales tax revenue.

This section should only be completed by a county, city or hospital district that is required to adjust its NNR tax rate and/or voter-approval tax rate because it adopted the additional sales tax.

Line	Additional Sales and Use Tax Worksheet	Amount/Rate
52.	Taxable Sales. For taxing units that adopted the sales tax in November of the prior tax year or May of the current tax year, enter the Comptroller's estimate of taxable sales for the previous four quarters. ³⁵ Estimates of taxable sales may be obtained through the Comptroller's Allocation Historical Summary webpage. Taxing units that adopted the sales tax before November of the prior year, enter 0.	\$ 0
53.	Estimated sales tax revenue. Counties exclude any amount that is or will be spent for economic development grants from the amount of estimated sales tax revenue. ³⁶ Taxing units that adopted the sales tax in November of the prior tax year or in May of the current tax year. Multiply the amount on Line 52 by the sales tax rate (.01, .005 or .0025, as applicable) and multiply the result by .95. ³⁷ - or - Taxing units that adopted the sales tax before November of the prior year. Enter the sales tax revenue for the previous four quarters. Do not multiply by .95.	\$ 20,589,328

Skip to Line 58 if you adopted the additional sales tax before November of the prior tax year.	\$ 0.279087 /\$100
58.	Current year voter-approval tax rate, unadjusted for sales tax. ³⁹ Enter the rate from Line 50, Line D50 (disaster) or Line 51 (counties) as applicable, of the <i>Voter-Approval Tax Rate Worksheet</i> .	\$ 0.457219 /\$100
59.	Current year voter-approval tax rate, adjusted for sales tax. Subtract Line 55 from Line 58.	\$ 0.298243 /\$100

SECTION 4: Voter Approval Tax Rate Adjustment for Pollution Control

A taxing unit may raise its rate for M&O funds used to pay for a facility, device or method for the control of air, water or land pollution. This includes any land, structure, building, installation, excavation, machinery, equipment or device that is used, constructed, acquired or installed wholly or partly to meet or exceed pollution control requirements. The taxing unit's expenses are those necessary to meet the requirements of a permit issued by the Texas Commission on Environmental Quality (TCEQ). The taxing unit must provide the tax assessor with a copy of the TCEQ letter of determination that states the portion of the cost of the installation for pollution control.

This section should only be completed by a taxing unit that uses M&O funds to pay for a facility, device or method for the control of air, water or land pollution.

SECTION 5: Voter Approval Tax Rate Adjustment for Unused Increment Rate

The unused increment rate is the rate equal to the sum of the prior 3 years Foregone Revenue Amounts divided by the current taxable value.⁴² The Foregone Revenue Amount for each year is equal to that year's adopted tax rate subtracted from that year's voter-approval tax rate adjusted to remove the unused increment rate multiplied by that year's current total value.⁴³

The difference between the adopted tax rate and adjusted voter-approval tax rate is considered zero in the following scenarios:

- a tax year in which a taxing unit affected by a disaster declaration calculates the tax rate under Tax Code Section 26.042;⁴⁴
- a tax year in which the municipality is a defunding municipality, as defined by Tax Code Section 26.0501(a);⁴⁵ or
- after Jan. 1, 2022, a tax year in which the comptroller determines that the county implemented a budget reduction or reallocation described by Local Government Code Section 120.002(a) without the required voter approval.⁴⁶

This section should only be completed by a taxing unit that does not meet the definition of a special taxing unit.⁴⁷

SECTION 6: De Minimis Rate

The de minimis rate is the rate equal to the sum of the no-new-revenue maintenance and operations rate, the rate that will raise \$500,000, and the current debt rate for a taxing unit.⁴⁸

This section should only be completed by a taxing unit that is a municipality of less than 30,000 or a taxing unit that does not meet the definition of a special taxing unit.⁴⁹

Line	De Minimis Rate Worksheet	Amount/Rate
70.	Adjusted current year NNR M&O tax rate. Enter the rate from Line 40 of the <i>Voter-Approval Tax Rate Worksheet</i> .	\$ 0.272780 /\$100

74.	De minimis rate. Add Lines 70, 72 and 73.	\$ 0.286728 /\$100

SECTION 7: Voter Approval Tax Rate Adjustment for Emergency Revenue Rate

In the tax year after the end of the disaster calculation time period detailed in Tax Code Section 26.042(a), a taxing unit that calculated its voter-approval tax rate in the manner provided for a special taxing unit due to a disaster must calculate its emergency revenue rate and reduce its voter-approval tax rate for that year.⁵⁰

Similarly, if a taxing unit adopted a tax rate that exceeded its voter-approval tax rate, calculated normally, without holding an election to respond to a disaster, as allowed by Tax Code Section 26.042(d), in the prior year, it must also reduce its voter-approval tax rate for the current tax year.⁵¹

This section will apply to a taxing unit other than a special taxing unit that:

- directed the designated officer or employee to calculate the voter-approval tax rate of the taxing unit in the manner provided for a special taxing unit in the prior year; and
- the current year is the first tax year in which the total taxable value of property taxable by the taxing unit as shown on the appraisal roll for the taxing unit submitted by the assessor for the taxing unit to the governing body exceeds the total taxable value of property taxable by the taxing unit on January 1 of the tax year in which the disaster occurred or the disaster occurred four years ago. This section will apply to a taxing unit in a disaster area that adopted a tax rate greater than its voter-approval tax rate without holding an election in the prior year.

Note: This section does not apply if a taxing unit is continuing to calculate its voter-approval tax rate in the manner provided for a special taxing unit because it is still within the disaster calculation time period detailed in Tax Code Section 26.042(a) because it has not met the conditions in Tax Code Section 26.042(a)(1) or (2).

Line	Emergency Revenue Rate Worksheet	Amount/Rate
75.	2024 adopted tax rate. Enter the rate in Line 4 of the <i>No-New-Revenue Tax Rate Worksheet</i> .	\$ 0.298066 /\$100
76.	Adjusted 2024 voter-approval tax rate. Use the taxing unit's Tax Rate Calculation Worksheets from the prior year(s) to complete this line. ⁵² If a disaster occurred in 2024 and the taxing unit calculated its 2024 voter-approval tax rate using a multiplier of 1.08 on Disaster Line 41 (D41) of the 2024 worksheet due to a disaster, complete the applicable sections or lines of <i>Form 50-856-a, Adjusted Voter-Approval Tax Rate for Taxing Units in Disaster Area Calculation Worksheet</i> . - or - If a disaster occurred prior to 2024 for which the taxing unit continued to calculate its voter-approval tax rate using a multiplier of 1.08 on Disaster Line 41 (D41) in 2024, complete form 50-856-a, <i>Adjusted Voter-Approval Tax Rate for Taxing Units in Disaster Area Calculation Worksheet</i> to recalculate the voter-approval tax rate the taxing unit would have calculated in 2024 if it had generated revenue based on an adopted tax rate using a multiplier of 1.035 in the years following the disaster. ⁵³ Enter the final adjusted 2024 voter-approval tax rate from the worksheet. - or - If the taxing unit adopted a tax rate above the 2024 voter-approval tax rate without calculating a disaster tax rate or holding an election due to a disaster, no recalculation is necessary. Enter the voter-approval tax rate from the prior year's worksheet.	\$ 0.000000 /\$100

GENERAL INFORMATION: Tax Code Section 26.04(c) requires an officer or employee designated by the governing body to calculate the no-new-revenue (NNR) tax rate and voter-approval tax rate for the taxing unit. These tax rates are expressed in dollars per \$100 of taxable value calculated. The calculation process starts after the chief appraiser delivers to the taxing unit the certified appraisal roll and the estimated values of properties under protest. The designated officer or employee shall certify that the officer or employee has accurately calculated the tax rates and used values shown for the certified appraisal roll or certified estimate. The officer or employee submits the rates to the governing body by Aug. 7 or as soon thereafter as practicable.

School districts do not use this form, but instead use Comptroller Form 50-859 *Tax Rate Calculation Worksheet, School District without Chapter 313 Agreements* or Comptroller Form 50-884 *Tax Rate Calculation Worksheet, School District with Chapter 313 Agreements*.

Water districts as defined under Water Code Section 49.001(1) do not use this form, but instead use Comptroller Form 50-858 *Water District Voter-Approval Tax Rate Worksheet for Low Tax Rate and Developing Districts* or Comptroller Form 50-860 *Developed Water District Voter-Approval Tax Rate Worksheet*.

The Comptroller's office provides this worksheet to assist taxing units in determining tax rates. The information provided in this worksheet is offered as technical assistance and not legal advice. Taxing units should consult legal counsel for interpretations of law regarding tax rate preparation and adoption.

SECTION 1. No-New Revenue Tax Rate

The NNR tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of taxes (no new taxes) if applied to the same properties that are taxed in both years. When appraisal values increase, the NNR tax rate should decrease.

The NNR tax rate for a county is the sum of the NNR tax rates calculated for each type of tax the county levies.

While uncommon, it is possible for a taxing unit to provide an exemption for only maintenance and operations taxes. In this case, the taxing unit will need to calculate the NNR tax rate separately for the maintenance and operations tax and the debt tax, then add the two components together.

Line	No-New-Revenue Tax Rate Worksheet	Amount/Rate
1.	Prior year total taxable value. Enter the amount of the prior year taxable value on the prior year tax roll today. Include any adjustments since last year's certification; exclude Tax Code Section 25.25(d) one-fourth and one-third over-appraisal corrections from these adjustments. Exclude any property value subject to an appeal under Chapter 42 as of July 25 (will add undisputed value in Line 6). This total includes the taxable value of homesteads with tax ceilings (will deduct in Line 2) and the captured value for tax increment financing (adjustment is made by deducting TIF taxes, as reflected in Line 17). ¹	\$ 12,514,916,475
2.	Prior year tax ceilings. Counties, cities and junior college districts. Enter the prior year total taxable value of homesteads with tax ceilings. These include the homesteads of homeowners age 65 or older or disabled. Other taxing units enter 0. If your taxing unit adopted the tax ceiling provision last year or a prior year for homeowners age 65 or older or disabled, use this step. ²	\$ 1,334,397,419
3.	Preliminary prior year adjusted taxable value. Subtract Line 2 from Line 1.	\$ 11,180,519,056
4.	Prior year total adopted tax rate.	\$ 0.249053 /\$100
5.	Prior year taxable value lost because court appeals of ARB decisions reduced the prior year's appraised value. A. Original prior year ARB values: \$ 392,815,488 B. Prior year values resulting from final court decisions: - \$ 348,847,030 C. Prior year value loss. Subtract B from A. ³	\$ 43,968,458
6.	Prior year taxable value subject to an appeal under Chapter 42, as of July 25. A. Prior year ARB certified value: \$ 466,501,098 B. Prior year disputed value: - \$ 116,625,274 C. Prior year undisputed value. Subtract B from A. ⁴	\$ 349,875,824

27.	COUNTIES ONLY. Add together the NNR tax rates for each type of tax the county levies. The total is the current year county NNR tax rate. ²¹	\$ 0.270206 /\$100

SECTION 2: Voter-Approval Tax Rate

The voter-approval tax rate is the highest tax rate that a taxing unit may adopt without holding an election to seek voter approval of the rate. The voter-approval tax rate is split into two separate rates:

- Maintenance and Operations (M&O) Tax Rate:** The M&O portion is the tax rate that is needed to raise the same amount of taxes that the taxing unit levied in the prior year plus the applicable percentage allowed by law. This rate accounts for such things as salaries, utilities and day-to-day operations.
- Debt Rate:** The debt rate includes the debt service necessary to pay the taxing unit's debt payments in the coming year. This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

The voter-approval tax rate for a county is the sum of the voter-approval tax rates calculated for each type of tax the county levies. In most cases the voter-approval tax rate exceeds the no-new-revenue tax rate, but occasionally decreases in a taxing unit's debt service will cause the NNR tax rate to be higher than the voter-approval tax rate.

Line	Voter-Approval Tax Rate Worksheet	Amount/Rate
28.	Prior year M&O tax rate. Enter the prior year M&O tax rate.	\$ 0.249053 /\$100

SECTION 3: NNR Tax Rate and Voter-Approval Tax Rate Adjustments for Additional Sales Tax to Reduce Property Taxes

Cities, counties and hospital districts may levy a sales tax specifically to reduce property taxes. Local voters by election must approve imposing or abolishing the additional sales tax. If approved, the taxing unit must reduce its NNR and voter-approval tax rates to offset the expected sales tax revenue.

This section should only be completed by a county, city or hospital district that is required to adjust its NNR tax rate and/or voter-approval tax rate because it adopted the additional sales tax.

Line	Additional Sales and Use Tax Worksheet	Amount/Rate
51.	Taxable Sales. For taxing units that adopted the sales tax in November of the prior tax year or May of the current tax year, enter the Comptroller's estimate of taxable sales for the previous four quarters. ³² Estimates of taxable sales may be obtained through the Comptroller's Allocation Historical Summary webpage. Taxing units that adopted the sales tax before November of the prior year, enter 0.	\$ 0
52.	Estimated sales tax revenue. Counties exclude any amount that is or will be spent for economic development grants from the amount of estimated sales tax revenue. ³³ Taxing units that adopted the sales tax in November of the prior tax year or in May of the current tax year. Multiply the amount on Line 51 by the sales tax rate (.01, .005 or .0025, as applicable) and multiply the result by .95. ³⁴ - or - Taxing units that adopted the sales tax before November of the prior year. Enter the sales tax revenue for the previous four quarters. Do not multiply by .95.	\$ 20,567,787
53.	Current year total taxable value. Enter the amount from Line 21 of the <i>No-New-Revenue Tax Rate Worksheet</i> .	\$ 12,115,001,475

58.	Current year voter-approval tax rate, adjusted for sales tax. Subtract Line 54 from Line 57.	\$ 0.304575 /\$100

SECTION 4: Voter-Approval Tax Rate Adjustment for Pollution Control

A taxing unit may raise its rate for M&O funds used to pay for a facility, device or method for the control of air, water or land pollution. This includes any land, structure, building, installation, excavation, machinery, equipment or device that is used, constructed, acquired or installed wholly or partly to meet or exceed pollution control requirements. The taxing unit's expenses are those necessary to meet the requirements of a permit issued by the Texas Commission on Environmental Quality (TCEQ). The taxing unit must provide the tax assessor with a copy of the TCEQ letter of determination that states the portion of the cost of the installation for pollution control.

This section should only be completed by a taxing unit that uses M&O funds to pay for a facility, device or method for the control of air, water or land pollution.

SECTION 5: Voter-Approval Tax Rate Adjustment for Unused Increment Rate

The unused increment rate is the rate equal to the sum of the prior 3 years Foregone Revenue Amounts divided by the current taxable value.³⁹ The Foregone Revenue Amount for each year is equal to that year's adopted tax rate subtracted from that year's voter-approval tax rate adjusted to remove the unused increment rate multiplied by that year's current total value.⁴⁰

The difference between the adopted tax rate and adjusted voter-approval tax rate is considered zero in the following scenarios:

- a tax year in which a taxing unit affected by a disaster declaration calculates the tax rate under Tax Code Section 26.042;⁴¹
- a tax year in which the municipality is a defunding municipality, as defined by Tax Code Section 26.0501(a);⁴² or
- after Jan. 1, 2022, a tax year in which the comptroller determines that the county implemented a budget reduction or reallocation described by Local Government Code Section 120.002(a) without the required voter approval.⁴³

This section should only be completed by a taxing unit that does not meet the definition of a special taxing unit.⁴⁴

SECTION 6: De Minimis Rate

The de minimis rate is the rate equal to the sum of the no-new-revenue maintenance and operations rate, the rate that will raise \$500,000, and the current debt rate for a taxing unit.⁴⁴

This section should only be completed by a taxing unit that is a municipality of less than 30,000 or a taxing unit that does not meet the definition of a special taxing unit.⁴⁵

Line	De Minimis Rate Worksheet	Amount/Rate
69.	Adjusted current year NNR M&O tax rate. Enter the rate from Line 39 of the <i>Voter-Approval Tax Rate Worksheet</i> .	\$ 0.273582 /\$100
70.	Current year total taxable value. Enter the amount on Line 21 of the <i>No-New-Revenue Tax Rate Worksheet</i> .	\$ 12,115,001,475
71.	Rate necessary to impose \$500,000 in taxes. Divide \$500,000 by Line 70 and multiply by \$100.	\$ 0.004127 /\$100
72.	Current year debt rate. Enter the rate from Line 48 of the <i>Voter-Approval Tax Rate Worksheet</i> .	\$ 0.011078 /\$100
73.	De minimis rate. Add Lines 69, 71 and 72.	\$ 0.288787 /\$100

SECTION 7: Voter-Approval Tax Rate Adjustment for Emergency Revenue Rate

In the tax year after the end of the disaster calculation time period detailed in Tax Code Section 26.042(a), a taxing unit that calculated its voter-approval tax rate in the manner provided for a special taxing unit due to a disaster must calculate its emergency revenue rate and reduce its voter-approval tax rate for that year.⁴⁶

Similarly, if a taxing unit adopted a tax rate that exceeded its voter-approval tax rate, calculated normally, without holding an election to respond to a disaster, as allowed by Tax Code Section 26.042(d), in the prior year, it must also reduce its voter-approval tax rate for the current tax year.⁴⁷

This section will apply to a taxing unit other than a special taxing unit that:

- directed the designated officer or employee to calculate the voter-approval tax rate of the taxing unit in the manner provided for a special taxing unit in the prior year; and
- the current year is the first tax year in which the total taxable value of property taxable by the taxing unit as shown on the appraisal roll for the taxing unit submitted by the assessor for the taxing unit to the governing body exceeds the total taxable value of property taxable by the taxing unit on January 1 of the tax year in which the disaster occurred or the disaster occurred four years ago. This section will apply to a taxing unit in a disaster area that adopted a tax rate greater than its voter-approval tax rate without holding an election in the prior year.

Note: This section does not apply if a taxing unit is continuing to calculate its voter-approval tax rate in the manner provided for a special taxing unit because it is still within the disaster calculation time period detailed in Tax Code Section 26.042(a) because it has not met the conditions in Tax Code Section 26.042(a)(1) or (2).

Line	Emergency Revenue Rate Worksheet	Amount/Rate
74.	2023 adopted tax rate. Enter the rate in Line 4 of the <i>No-New-Revenue Tax Rate Worksheet</i> .	\$ 0.278066 /\$100
75.	Adjusted 2023 voter-approval tax rate. Use the taxing unit's Tax Rate Calculation Worksheets from the prior year(s) to complete this line. If a disaster occurred in 2023 and the taxing unit calculated its 2023 voter-approval tax rate using a multiplier of 1.08 on Disaster Line 41 (D41) of the 2023 worksheet due to a disaster, complete the applicable sections or lines of <i>Form 50-856-a, Adjusted Voter-Approval Tax Rate for Taxing Units in Disaster Area Calculation Worksheet</i> . - or - If a disaster occurred prior to 2023 for which the taxing unit continued to calculate its voter-approval tax rate using a multiplier of 1.08 on Disaster Line 41 (D41) in 2023, complete form 50-856-a, <i>Adjusted Voter-Approval Tax Rate for Taxing Units in Disaster Area Calculation Worksheet</i> to recalculate the voter-approval tax rate the taxing unit would have calculated in 2023 if it had generated revenue based on an adopted tax rate using a multiplier of 1.035 in the years following the disaster. ⁴⁸ Enter the final adjusted 2023 voter-approval tax rate from the worksheet. - or - If the taxing unit adopted a tax rate above the 2023 voter-approval tax rate without calculating a disaster tax rate or holding an election due to a disaster, no recalculation is necessary. Enter the voter-approval tax rate from the prior year's worksheet.	\$ 0.000000 /\$100
76.	Increase in 2023 tax rate due to disaster. Subtract Line 75 from Line 74.	\$ 0.000000 /\$100

Taxing Unit's Website Address

GENERAL INFORMATION: Tax Code Section 26.04(c) requires an officer or employee designated by the governing body to calculate the no-new-revenue (NNR) tax rate and voter-approval tax rate for the taxing unit. These tax rates are expressed in dollars per \$100 of taxable value calculated. The calculation process starts after the chief appraiser delivers to the taxing unit the certified appraisal roll and the estimated values of properties under protest. The designated officer or employee shall certify that the officer or employee has accurately calculated the tax rates and used values shown for the certified appraisal roll or certified estimate. The officer or employee submits the rates to the governing body by Aug. 7 or as soon thereafter as practicable.

School districts do not use this form, but instead use Comptroller Form 50-859 *Tax Rate Calculation Worksheet, School District without Chapter 313 Agreements* or Comptroller Form 50-884 *Tax Rate Calculation Worksheet, School District with Chapter 313 Agreements*.

Water districts as defined under Water Code Section 49.001(1) do not use this form, but instead use Comptroller Form 50-858 *Water District Voter-Approval Tax Rate Worksheet for Low Tax Rate and Developing Districts* or Comptroller Form 50-860 *Developed Water District Voter-Approval Tax Rate Worksheet*.

The Comptroller's office provides this worksheet to assist taxing units in determining tax rates. The information provided in this worksheet is offered as technical assistance and not legal advice. Taxing units should consult legal counsel for interpretations of law regarding tax rate preparation and adoption.

SECTION 1: No-New-Revenue Tax Rate

The NNR tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of taxes (no new taxes) if applied to the same properties that are taxed in both years. When appraisal values increase, the NNR tax rate should decrease.

The NNR tax rate for a county is the sum of the NNR tax rates calculated for each type of tax the county levies.

While uncommon, it is possible for a taxing unit to provide an exemption for only maintenance and operations taxes. In this case, the taxing unit will need to calculate the NNR tax rate separately for the maintenance and operations tax and the debt tax, then add the two components together.

Line	No-New-Revenue Tax Rate Worksheet	Amount/Rate
1.	Prior year total taxable value. Enter the amount of the prior year taxable value on the prior year tax roll today. Include any adjustments since last year's certification; exclude Tax Code Section 25.25(d) one-fourth and one-third over-appraisal corrections from these adjustments. Exclude any property value subject to an appeal under Chapter 42 as of July 25 (will add undisputed value in Line 6). This total includes the taxable value of homesteads with tax ceilings (will deduct in Line 2) and the captured value for tax increment financing (adjustment is made by deducting TIF taxes, as reflected in Line 17). ¹	\$ 12,514,916,475
2.	Prior year tax ceilings. Counties, cities and junior college districts. Enter the prior year total taxable value of homesteads with tax ceilings. These include the homesteads of homeowners age 65 or older or disabled. Other taxing units enter 0. If your taxing unit adopted the tax ceiling provision last year or a prior year for homeowners age 65 or older or disabled, use this step. ²	\$ 1,334,397,419
3.	Preliminary prior year adjusted taxable value. Subtract Line 2 from Line 1.	\$ 11,180,519,056
4.	Prior year total adopted tax rate.	\$ 0.025020 /\$100
5.	Prior year taxable value lost because court appeals of ARB decisions reduced the prior year's appraised value. A. Original prior year ARB values: \$ 392,815,488 B. Prior year values resulting from final court decisions: - \$ 348,847,030 C. Prior year value loss. Subtract B from A. ³	\$ 43,968,458
6.	Prior year taxable value subject to an appeal under Chapter 42, as of July 25. A. Prior year ARB certified value: \$ 466,501,098 B. Prior year disputed value: - \$ 116,625,274 C. Prior year undisputed value. Subtract B from A. ⁴	\$ 349,875,824

26.	Current year NNR tax rate. Divide Line 17 by Line 25 and multiply by \$100. ²⁰	\$ 0.024172 /\$100
27.	COUNTIES ONLY. Add together the NNR tax rates for each type of tax the county levies. The total is the current year county NNR tax rate. ²¹	\$ 0.270206 /\$100

SECTION 2: Voter-Approval Tax Rate

The voter-approval tax rate is the highest tax rate that a taxing unit may adopt without holding an election to seek voter approval of the rate. The voter-approval tax rate is split into two separate rates:

- Maintenance and Operations (M&O) Tax Rate:** The M&O portion is the tax rate that is needed to raise the same amount of taxes that the taxing unit levied in the prior year plus the applicable percentage allowed by law. This rate accounts for such things as salaries, utilities and day-to-day operations.
- Debt Rate:** The debt rate includes the debt service necessary to pay the taxing unit's debt payments in the coming year. This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

The voter-approval tax rate for a county is the sum of the voter-approval tax rates calculated for each type of tax the county levies. In most cases the voter-approval tax rate exceeds the no-new-revenue tax rate, but occasionally decreases in a taxing unit's debt service will cause the NNR tax rate to be higher than the voter-approval tax rate.

Line	Voter-Approval Tax Rate Worksheet	Amount/Rate
28.	Prior year M&O tax rate. Enter the prior year M&O tax rate.	\$ 0.025020 /\$100

SECTION 3: NNR Tax Rate and Voter-Approval Tax Rate Adjustments for Additional Sales Tax to Reduce Property Taxes

Cities, counties and hospital districts may levy a sales tax specifically to reduce property taxes. Local voters by election must approve imposing or abolishing the additional sales tax. If approved, the taxing unit must reduce its NNR and voter-approval tax rates to offset the expected sales tax revenue.

This section should only be completed by a county, city or hospital district that is required to adjust its NNR tax rate and/or voter-approval tax rate because it adopted the additional sales tax.

Line	Additional Sales and Use Tax Worksheet	Amount/Rate
51.	Taxable Sales. 57.	Current year voter-approval tax rate, unadjusted for sales tax. ³⁶ Enter the rate from Line 49, Line D49 (disaster) or Line 50 (counties) as applicable, of the <i>Voter-Approval Tax Rate Worksheet</i> .	\$ 0.474346 /\$100
58.	Current year voter-approval tax rate, adjusted for sales tax. Subtract Line 54 from Line 57.	\$ -0.304575 /\$100

SECTION 4: Voter-Approval Tax Rate Adjustment for Pollution Control

A taxing unit may raise its rate for M&O funds used to pay for a facility, device or method for the control of air, water or land pollution. This includes any land, structure, building, installation, excavation, machinery, equipment or device that is used, constructed, acquired or installed wholly or partly to meet or exceed pollution control requirements. The taxing unit's expenses are those necessary to meet the requirements of a permit issued by the Texas Commission on Environmental Quality (TCEQ). The taxing unit must provide the tax assessor with a copy of the TCEQ letter of determination that states the portion of the cost of the installation for pollution control.

This section should only be completed by a taxing unit that uses M&O funds to pay for a facility, device or method for the control of air, water or land pollution.

Line	Voter-Approval Rate Adjustment for Pollution Control Requirements Worksheet	Amount/Rate
59.	Certified expenses from the Texas Commission on Environmental Quality (TCEQ). Enter the amount certified in the determination letter from TCEQ. ³⁷ The taxing unit shall provide its tax assessor-collector with a copy of the letter. ³⁸	\$ 0

SECTION 5: Voter-Approval Tax Rate Adjustment for Unused Increment Rate

The unused increment rate is the rate equal to the sum of the prior 3 years Foregone Revenue Amounts divided by the current taxable value.³⁹ The Foregone Revenue Amount for each year is equal to that year's adopted tax rate subtracted from that year's voter-approval tax rate adjusted to remove the unused increment rate multiplied by that year's current total value.⁴⁰

The difference between the adopted tax rate and adjusted voter-approval tax rate is considered zero in the following scenarios:

- a tax year in which a taxing unit affected by a disaster declaration calculates the tax rate under Tax Code Section 26.042;⁴¹
- a tax year in which the municipality is a defunding municipality, as defined by Tax Code Section 26.0501(a);⁴² or
- after Jan. 1, 2022, a tax year in which the comptroller determines that the county implemented a budget reduction or reallocation described by Local Government Code Section 120.002(a) without the required voter approval.⁴³

This section should only be completed by a taxing unit that does not meet the definition of a special taxing unit.⁴⁴

73.	De minimis rate. Add Lines 69, 71 and 72.	\$ 0.288787 /\$100

SECTION 7: Voter-Approval Tax Rate Adjustment for Emergency Revenue Rate

In the tax year after the end of the disaster calculation time period detailed in Tax Code Section 26.042(a), a taxing unit that calculated its voter-approval tax rate in the manner provided for a special taxing unit due to a disaster must calculate its emergency revenue rate and reduce its voter-approval tax rate for that year.⁴⁶

Similarly, if a taxing unit adopted a tax rate that exceeded its voter-approval tax rate, calculated normally, without holding an election to respond to a disaster, as allowed by Tax Code Section 26.042(d), in the prior year, it must also reduce its voter-approval tax rate for the current tax year.⁴⁷

This section will apply to a taxing unit other than a special taxing unit that:

- directed the designated officer or employee to calculate the voter-approval tax rate of the taxing unit in the manner provided for a special taxing unit in the prior year; and
- the current year is the first tax year in which the total taxable value of property taxable by the taxing unit as shown on the appraisal roll for the taxing unit submitted by the assessor for the taxing unit to the governing body exceeds the total taxable value of property taxable by the taxing unit on January 1 of the tax year in which the disaster occurred or the disaster occurred four years ago. This section will apply to a taxing unit in a disaster area that adopted a tax rate greater than its voter-approval tax rate without holding an election in the prior year.

Note: This section does not apply if a taxing unit is continuing to calculate its voter-approval tax rate in the manner provided for a special taxing unit because it is still within the disaster calculation time period detailed in Tax Code Section 26.042(a) because it has not met the conditions in Tax Code Section 26.042(a)(1) or (2).

Taxing Unit's Website Address

GENERAL INFORMATION: Tax Code Section 26.04(c) requires an officer or employee designated by the governing body to calculate the no-new-revenue (NNR) tax rate and voter-approval tax rate for the taxing unit. These tax rates are expressed in dollars per \$100 of taxable value calculated. The calculation process starts after the chief appraiser delivers to the taxing unit the certified appraisal roll and the estimated values of properties under protest. The designated officer or employee shall certify that the officer or employee has accurately calculated the tax rates and used values shown for the certified appraisal roll or certified estimate. The officer or employee submits the rates to the governing body by Aug. 7 or as soon thereafter as practicable.

School districts do not use this form, but instead use Comptroller Form 50-859 *Tax Rate Calculation Worksheet, School District without Chapter 313 Agreements* or Comptroller Form 50-884 *Tax Rate Calculation Worksheet, School District with Chapter 313 Agreements*.

Water districts as defined under Water Code Section 49.001(1) do not use this form, but instead use Comptroller Form 50-858 *Water District Voter-Approval Tax Rate Worksheet for Low Tax Rate and Developing Districts* or Comptroller Form 50-860 *Developed Water District Voter-Approval Tax Rate Worksheet*.

The Comptroller's office provides this worksheet to assist taxing units in determining tax rates. The information provided in this worksheet is offered as technical assistance and not legal advice. Taxing units should consult legal counsel for interpretations of law regarding tax rate preparation and adoption.

SECTION 1: No-New-Revenue Tax Rate

The NNR tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of taxes (no new taxes) if applied to the same properties that are taxed in both years. When appraisal values increase, the NNR tax rate should decrease.

The NNR tax rate for a county is the sum of the NNR tax rates calculated for each type of tax the county levies.

While uncommon, it is possible for a taxing unit to provide an exemption for only maintenance and operations taxes. In this case, the taxing unit will need to calculate the NNR tax rate separately for the maintenance and operations tax and the debt tax, then add the two components together.

Line	No-New-Revenue Tax Rate Worksheet	Amount/Rate
1.	Prior year total taxable value. Enter the amount of the prior year taxable value on the prior year tax roll today. Include any adjustments since last year's certification; exclude Tax Code Section 25.25(d) one-fourth and one-third over-appraisal corrections from these adjustments. Exclude any property value subject to an appeal under Chapter 42 as of July 25 (will add undisputed value in Line 6). This total includes the taxable value of homesteads with tax ceilings (will deduct in Line 2) and the captured value for tax increment financing (adjustment is made by deducting TIF taxes, as reflected in Line 17). ¹	\$ 12,475,165,106
2.	Prior year tax ceilings. Counties, cities and junior college districts. Enter the prior year total taxable value of homesteads with tax ceilings. These include the homesteads of homeowners age 65 or older or disabled. Other taxing units enter 0. If your taxing unit adopted the tax ceiling provision last year or a prior year for homeowners age 65 or older or disabled, use this step. ²	\$ 1,333,787,407
3.	Preliminary prior year adjusted taxable value. Subtract Line 2 from Line 1.	\$ 11,141,377,699
4.	Prior year total adopted tax rate.	\$ 0.003993 /\$100
5.	Prior year taxable value lost because court appeals of ARB decisions reduced the prior year's appraised value. A. Original prior year ARB values: \$ 392,815,488 B. Prior year values resulting from final court decisions: - \$ 348,847,030 C. Prior year value loss. Subtract B from A. ³	\$ 43,968,458
6.	Prior year taxable value subject to an appeal under Chapter 42, as of July 25. A. Prior year ARB certified value: \$ 466,501,098 B. Prior year disputed value: - \$ 116,625,274 C. Prior year undisputed value. Subtract B from A. ⁴	\$ 349,875,824
7.	Prior year Chapter 42 related adjusted values. Add Line 5C and Line 6C.	\$ 393,844,282

¹ Tex. Tax Code §26.012(14)

⁴ Tex. Tax Code §26.012(13)

Line	New-Revenue Tax Rate Worksheet	Amount/Rate
8.	Prior year taxable value, adjusted for actual and potential court-ordered adjustments. Add Line 3 and Line 7.	\$ 11,535,221,981
9.	Prior year taxable value of property in territory the taxing unit deannexed after Jan. 1, 2023. Enter the prior year value of property in deannexed territory. ⁵	\$ 0
10.	Prior year taxable value lost because property first qualified for an exemption in the current year. If the taxing unit increased an original exemption, use the difference between the original exempted amount and the increased exempted amount. Do not include value lost due to freeport, goods-in-transit, temporary disaster exemptions. Note that lowering the amount or percentage of an existing exemption in the current year does not create a new exemption or reduce taxable value. A. Absolute exemptions. Use prior year market value: \$ 22,310,880 B. Partial exemptions. Current year exemption amount or current year percentage exemption times prior year value: + \$ 32,907,495 C. Value loss. Add A and B. ⁶	\$ 55,218,375
11.	Prior year taxable value lost because property first qualified for agricultural appraisal (1-d or 1-d-1), timber appraisal, recreational/scenic appraisal or public access airport special appraisal in the current year. Use only properties that qualified for the first time in the current year; do not use properties that qualified in the prior year. A. Prior year market value: \$ 2,042,015 B. Current year productivity or special appraised value: - \$ 51,790 C. Value loss. Subtract B from A. ⁷	\$ 1,990,225
12.	Total adjustments for lost value. Add Lines 9, 10C and 11C.	\$ 57,208,600
13.	Prior year captured value of property in a TIF. Enter the total value of the prior year captured appraised value of property taxable by a taxing unit in a tax increment financing zone for which the prior year taxes were deposited into the tax increment fund. ⁸ If the taxing unit has no captured appraised value in line 18D, enter 0.	\$ 0
14.	Prior year total value. Subtract Line 12 and Line 13 from Line 8.	\$ 11,478,013,381
15.	Adjusted prior year total levy. Multiply Line 4 by Line 14 and divide by \$100.	\$ 458,317
16.	Taxes refunded for years preceding the prior tax year. Enter the amount of taxes refunded by the taxing unit for tax years preceding the prior tax year. Types of refunds include court decisions, Tax Code Section 25.25(b) and (c) corrections and Tax Code Section 31.11 payment errors. Do not include refunds for the prior tax year. This line applies only to tax years preceding the prior tax year. ⁹	\$ 3,253
17.	Adjusted prior year levy with refunds and TIF adjustment. Add Lines 15 and 16. ¹⁰	\$ 461,570
18.	Total current year taxable value on the current year certified appraisal roll today. This value includes only certified values or certified estimate of values and includes the total taxable value of homesteads with tax ceilings (will deduct in Line 20). These homesteads include homeowners age 65 or older or disabled. ¹¹ A. Certified values: \$ 13,610,466,290 B. Counties: Include railroad rolling stock values certified by the Comptroller's office: + \$ 7,546,969 C. Pollution control and energy storage system exemption: Deduct the value of property exempted for the current tax year for the first time as pollution control or energy storage system property: - \$ 0 D. Tax increment financing: Deduct the current year captured appraised value of property taxable by a taxing unit in a tax increment financing zone for which the current year taxes will be deposited into the tax increment fund. Do not include any new property value that will be included in Line 23 below. ¹² - \$ 0 E. Total current year value. Add A and B, then subtract C and D.	\$ 13,618,013,259

Line	New-Revenue Tax Rate Worksheet	Amount/Rate
19.	Total value of properties under protest or not included on certified appraisal roll. ¹³	
	A. Current year taxable value of properties under protest. The chief appraiser certifies a list of properties still under ARB protest. The list shows the appraisal district's value and the taxpayer's claimed value, if any, or an estimate of the value if the taxpayer wins. For each of the properties under protest, use the lowest of these values. Enter the total value under protest. ¹⁴	\$ 0
	B. Current year value of properties not under protest or included on certified appraisal roll. The chief appraiser gives taxing units a list of those taxable properties that the chief appraiser knows about but are not included in the appraisal roll certification. These properties also are not on the list of properties that are still under protest. On this list of properties, the chief appraiser includes the market value, appraised value and exemptions for the preceding year and a reasonable estimate of the market value, appraised value and exemptions for the current year. Use the lower market, appraised or taxable value (as appropriate). Enter the total value of property not on the certified roll. ¹⁵	+ \$ 0
	C. Total value under protest or not certified. Add A and B.	\$ 0
20.	Current year tax ceilings. Counties, cities and junior colleges enter current year total taxable value of homesteads with tax ceilings. These include the homesteads of homeowners age 65 or older or disabled. Other taxing units enter 0. If your taxing unit adopted the tax ceiling provision in the prior year or a previous year for homeowners age 65 or older or disabled, use this step. ¹⁶	\$ 1,533,420,607
21.	Current year total taxable value. Add Lines 18E and 19C. Subtract Line 20. ¹⁷	\$ 12,084,592,652
22.	Total current year taxable value of properties in territory annexed after Jan. 1, of the prior year. Include both real and personal property. Enter the current year value of property in territory annexed. ¹⁸	\$ 0
23.	Total current year taxable value of new improvements and new personal property located in new improvements. New means the item was not on the appraisal roll in the prior year. An improvement is a building, structure, fixture or fence erected on or affixed to land. New additions to existing improvements may be included if the appraised value can be determined. New personal property in a new improvement must have been brought into the taxing unit after Jan. 1, of the prior year and be located in a new improvement. New improvements do include property on which a tax abatement agreement has expired for the current year. ¹⁹	\$ 200,662,330
24.	Total adjustments to the current year taxable value. Add Lines 22 and 23.	\$ 200,662,330
25.	Adjusted current year taxable value. Subtract Line 24 from Line 21.	\$ 11,883,930,322
26.	Current year NNR tax rate. Divide Line 17 by Line 25 and multiply by \$100. ²⁰	\$ 0.003883 /\$100
27.	COUNTIES ONLY. Add together the NNR tax rates for each type of tax the county levies. The total is the current year county NNR tax rate. ²¹	\$ 0.270206 /\$100

SECTION 2: Voter-Approval Tax Rate

The voter-approval tax rate is the highest tax rate that a taxing unit may adopt without holding an election to seek voter approval of the rate. The voter-approval tax rate is split into two separate rates:

- Maintenance and Operations (M&O) Tax Rate:** The M&O portion is the tax rate that is needed to raise the same amount of taxes that the taxing unit levied in the prior year plus the applicable percentage allowed by law. This rate accounts for such things as salaries, utilities and day-to-day operations.
- Debt Rate:** The debt rate includes the debt service necessary to pay the taxing unit's debt payments in the coming year. This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

The voter-approval tax rate for a county is the sum of the voter-approval tax rates calculated for each type of tax the county levies. In most cases the voter-approval tax rate exceeds the no-new-revenue tax rate, but occasionally decreases in a taxing unit's debt service will cause the NNR tax rate to be higher than the voter-approval tax rate.

Line	Voter-Approval Tax Rate Worksheet	Amount/Rate
28.	Prior year M&O tax rate. Enter the prior year M&O tax rate.	\$ 0.003993 /\$100
29.	Prior year taxable value, adjusted for actual and potential court-ordered adjustments. Enter the amount in Line 8 of the <i>No-New-Revenue Tax Rate Worksheet</i> .	\$ 11,535,221,981

SECTION 3: NNR Tax Rate and Voter-Approval Tax Rate Adjustments for Additional Sales Tax to Reduce Property Taxes

Cities, counties and hospital districts may levy a sales tax specifically to reduce property taxes. Local voters by election must approve imposing or abolishing the additional sales tax. If approved, the taxing unit must reduce its NNR and voter-approval tax rates to offset the expected sales tax revenue.

This section should only be completed by a county, city or hospital district that is required to adjust its NNR tax rate and/or voter-approval tax rate because it adopted the additional sales tax.

Line	Additional Sales and Use Tax Worksheet	Amount/Rate
51.	Taxable Sales. 57.	Current year voter-approval tax rate, unadjusted for sales tax. ³⁶ Enter the rate from Line 49, Line D49 (disaster) or Line 50 (counties) as applicable, of the <i>Voter-Approval Tax Rate Worksheet</i> .	\$ 0.474346 /\$100
58.	Current year voter-approval tax rate, adjusted for sales tax. Subtract Line 54 from Line 57.	\$ 0.304575 /\$100

SECTION 4: Voter-Approval Tax Rate Adjustment for Pollution Control

A taxing unit may raise its rate for M&O funds used to pay for a facility, device or method for the control of air, water or land pollution. This includes any land, structure, building, installation, excavation, machinery, equipment or device that is used, constructed, acquired or installed wholly or partly to meet or exceed pollution control requirements. The taxing unit's expenses are those necessary to meet the requirements of a permit issued by the Texas Commission on Environmental Quality (TCEQ). The taxing unit must provide the tax assessor with a copy of the TCEQ letter of determination that states the portion of the cost of the installation for pollution control.

This section should only be completed by a taxing unit that uses M&O funds to pay for a facility, device or method for the control of air, water or land pollution.

62.	Current year voter-approval tax rate, adjusted for pollution control. Add Line 61 to one of the following lines (as applicable): Line 49, Line D49 (disaster), Line 50 (counties) or Line 58 (taxing units with the additional sales tax).	\$ 0.304575 /\$100

SECTION 5: Voter-Approval Tax Rate Adjustment for Unused Increment Rate

The unused increment rate is the rate equal to the sum of the prior 3 years Foregone Revenue Amounts divided by the current taxable value.³⁹ The Foregone Revenue Amount for each year is equal to that year's adopted tax rate subtracted from that year's voter-approval tax rate adjusted to remove the unused increment rate multiplied by that year's current total value.⁴⁰

The difference between the adopted tax rate and adjusted voter-approval tax rate is considered zero in the following scenarios:

- a tax year in which a taxing unit affected by a disaster declaration calculates the tax rate under Tax Code Section 26.042;⁴¹
- a tax year in which the municipality is a defunding municipality, as defined by Tax Code Section 26.0501(a);⁴² or
- after Jan. 1, 2022, a tax year in which the comptroller determines that the county implemented a budget reduction or reallocation described by Local Government Code Section 120.002(a) without the required voter approval.⁴³

This section should only be completed by a taxing unit that does not meet the definition of a special taxing unit.⁴⁴

SECTION 6: De Minimis Rate

The de minimis rate is the rate equal to the sum of the no-new-revenue maintenance and operations rate, the rate that will raise \$500,000, and the current debt rate for a taxing unit.⁴⁴

This section should only be completed by a taxing unit that is a municipality of less than 30,000 or a taxing unit that does not meet the definition of a special taxing unit.⁴⁵

Line	De Minimis Rate Worksheet	Amount/Rate
69.	Adjusted current year NNR M&O tax rate. Enter the rate from Line 39 of the <i>Voter-Approval Tax Rate Worksheet</i> .	\$ 0.273582 /\$100
70.	Current year total taxable value. Enter the amount on Line 21 of the <i>No-New-Revenue Tax Rate Worksheet</i> .	\$ 12,115,001,475
71.	Rate necessary to impose \$500,000 in taxes. Divide \$500,000 by Line 70 and multiply by \$100.	\$ 0.004127 /\$100
72.	Current year debt rate. Enter the rate from Line 48 of the <i>Voter-Approval Tax Rate Worksheet</i> .	\$ 0.011078 /\$100
73.	De minimis rate. Add Lines 69, 71 and 72.	\$ 0.288787 /\$100

SECTION 7: Voter-Approval Tax Rate Adjustment for Emergency Revenue Rate

In the tax year after the end of the disaster calculation time period detailed in Tax Code Section 26.042(a), a taxing unit that calculated its voter-approval tax rate in the manner provided for a special taxing unit due to a disaster must calculate its emergency revenue rate and reduce its voter-approval tax rate for that year.⁴⁶

Similarly, if a taxing unit adopted a tax rate that exceeded its voter-approval tax rate, calculated normally, without holding an election to respond to a disaster, as allowed by Tax Code Section 26.042(d), in the prior year, it must also reduce its voter-approval tax rate for the current tax year.⁴⁹

This section will apply to a taxing unit other than a special taxing unit that:

- directed the designated officer or employee to calculate the voter-approval tax rate of the taxing unit in the manner provided for a special taxing unit in the prior year; and
- the current year is the first tax year in which the total taxable value of property taxable by the taxing unit as shown on the appraisal roll for the taxing unit submitted by the assessor for the taxing unit to the governing body exceeds the total taxable value of property taxable by the taxing unit on January 1 of the tax year in which the disaster occurred or the disaster occurred four years ago. This section will apply to a taxing unit in a disaster area that adopted a tax rate greater than its voter-approval tax rate without holding an election in the prior year.

Note: This section does not apply if a taxing unit is continuing to calculate its voter-approval tax rate in the manner provided for a special taxing unit because it is still within the disaster calculation time period detailed in Tax Code Section 26.042(a) because it has not met the conditions in Tax Code Section 26.042(a)(1) or (2).

Line	Emergency Revenue Rate Worksheet	Amount/Rate
74.	2023 adopted tax rate. Enter the rate in Line 4 of the <i>No-New-Revenue Tax Rate Worksheet</i> .	\$ 0.278066 /\$100
75.	Adjusted 2023 voter-approval tax rate. Use the taxing unit's Tax Rate Calculation Worksheets from the prior year(s) to complete this line. If a disaster occurred in 2023 and the taxing unit calculated its 2023 voter-approval tax rate using a multiplier of 1.08 on Disaster Line 41 (D41) of the 2023 worksheet due to a disaster, complete the applicable sections or lines of <i>Form 50-856-a, Adjusted Voter-Approval Tax Rate for Taxing Units in Disaster Area Calculation Worksheet</i> . - or - If a disaster occurred prior to 2023 for which the taxing unit continued to calculate its voter-approval tax rate using a multiplier of 1.08 on Disaster Line 41 (D41) in 2023, complete form 50-856-a, <i>Adjusted Voter-Approval Tax Rate for Taxing Units in Disaster Area Calculation Worksheet</i> to recalculate the voter-approval tax rate the taxing unit would have calculated in 2023 if it had generated revenue based on an adopted tax rate using a multiplier of 1.035 in the years following the disaster. ⁵⁰ Enter the final adjusted 2023 voter-approval tax rate from the worksheet. - or - If the taxing unit adopted a tax rate above the 2023 voter-approval tax rate without calculating a disaster tax rate or holding an election due to a disaster, no recalculation is necessary. Enter the voter-approval tax rate from the prior year's worksheet.	\$ 0.000000 /\$100
76.	Increase in 2023 tax rate due to disaster. Subtract Line 75 from Line 74.	\$ 0.000000 /\$100
77.	Adjusted 2023 taxable value. Enter the amount in Line 14 of the <i>No-New-Revenue Tax Rate Worksheet</i> .	\$
78.	Emergency revenue. Multiply Line 76 by Line 77 and divide by \$100.	\$
79.	Adjusted 2023 taxable value. Enter the amount in Line 25 of the <i>No-New-Revenue Tax Rate Worksheet</i> .	\$
80.	Emergency revenue rate. Divide Line 78 by Line 79 and multiply by \$100. ⁵¹	\$ 0.000000 /\$100

Line	Emergency Revenue Rate Worksheet	Amount/Rate
81.	Current year voter-approval tax rate, adjusted for emergency revenue. Subtract Line 80 from one of the following lines (as applicable): Line 49, Line D49 (disaster), Line 50 (counties), Line 58 (taxing units with the additional sales tax), Line 62 (taxing units with pollution control) or Line 68 (taxing units with the unused increment rate).	\$ 0.306653 /\$100

SECTION 8: Total Tax Rate

Indicate the applicable total tax rates as calculated above.

No-new-revenue tax rate. \$ 0.270206 /\$100

As applicable, enter the current year NNR tax rate from: Line 26, Line 27 (counties), or Line 56 (adjusted for sales tax).

Indicate the line number used: 27

Voter-approval tax rate. \$ 0.306653 /\$100

As applicable, enter the current year voter-approval tax rate from: Line 49, Line D49 (disaster), Line 50 (counties), Line 58 (adjusted for sales tax), Line 62 (adjusted for pollution control), Line 68 (adjusted for unused increment), or Line 81 (adjusted for emergency revenue).

Indicate the line number used: 68

De minimis rate. \$ 0.288787 /\$100

If applicable, enter the current year de minimis rate from Line 73.

SECTION 9: Taxing Unit Representative Name and Signature

Enter the name of the person preparing the tax rate as authorized by the governing body of the taxing unit. By signing below, you certify that you are the designated officer or employee of the taxing unit and have accurately calculated the tax rates using values that are the same as the values shown in the taxing unit's certified appraisal roll or certified estimate of taxable value, in accordance with requirements in the Tax Code.⁵²

Certification of Additional Sales and Use Tax to Pay Debt Services

THE STATE OF TEXAS,

County of Gregg

Chief Financial Officer or Auditor: Rebekah Acres

For the taxing unit: Gregg County

Hereby certifies that the amount of additional sales and use tax revenue collected to pay debt service has been deducted from the total amount described by Tax Code Section 26.05(e-1), 26.04(e)(3)(C) and 26.05(a)(1).

This certification is submitted to the governing body of Gregg County on 7/21/25

\$ 0.00
deducted

Signature of Financial Officer or Auditor
