Contract type will be discussed with the Awardee

6. With only three days available to respond to answers provided by the County before the deadline, we are concerned that the quality and comprehensiveness of our submission may be compromised. 7. RFP page 4 states, “It is the Respondents sole responsibility to print and review all pages of the RFP document, attachments, questions and their answers, addenda and special notices. Failure to provide original signature on these forms could render statement non-responsive.” **Question:** Does the County intend that Respondents print, sign, and return as part of the RFP response all pages of the RFP document, attachments, questions and their answers, addenda and special notices, or should Respondents print, sign, and return only the Required Forms?

Please review the Proposal Submission Requirements.
